

Addendum to IKEA minifigure frames document

The following are some examples of how I addressed minifigures with their accessories:

Wonder Twin (Zan) has museum gel in its bucket to hold the blue round tile:

The Apache Chief has a round 1 x 1 plate attached to the 1 x 3 tile:

Batman's lobster is secured to the plate with museum gel:

...and Alfred's drink cherries are as well:

Some examples where rotating the hands makes a big difference:

An example of one hand rotated and the other is not:

Extra hair pieces can be placed on 3 round tiles:

Dealing with dolphins:

Surfboards:

Snakes:
