

LEGO®

1979

DUPLO® is the new name for the well-known LEGO® Nursery Bricks. Large pieces for easy assembly by toddlers.

With DUPLO put-together toys, children develop their hands and their senses through play.

Babies start by examining each single part – and its possibilities. Feeling them, perhaps biting them, and laying them in a row.

They feel their way – and one day they discover that the pieces can be clipped together. And then the stacking and building game starts.

Often adults cannot see what the building is supposed to be. But one thing is clear. Something is happening! Day by day, the child learns something new – all the time developing and having great fun too!

Most DUPLO pieces are made to fit together with LEGO bricks. This allows for a natural progression as children grow and learn to handle smaller objects with greater precision.

LEGO® Basic Sets. From 3 years

LEGO® bricks can occupy children for hours on end, day after day, year after year.

Why? Because children are doing something for themselves. Their imagination is put to work. They receive challenges and problems to solve. And they love it.

Children can build their own world with LEGO bricks – and rebuild it indefinitely. For the bricks are so simple to build with, and yet so versatile, that they can meet the demands of a child's imagination – and still have possibilities in store for when that child develops more advanced ideas.

As children get older they demand more realism, more detail and scope for exercising their growing skill.

The wide range of LEGO sets is designed to appeal to a wide range of ages and interests.

That is what this brochure is about.

LEGO Spares Service

This service is to help you if you lose a special part or want an extra one without wishing to buy a complete set. There are so many components in the LEGO range that we cannot offer them all but here is a selection of the ones you are most likely to want.

Please note that this service applies only to items shown. We regret we cannot supply complete sets. These can only be purchased from toy retailers in the normal way. But if you need pieces not shown here please write to us and we will help if we can.

The Spares Service applies to U.K. and Ireland only. The prices include post and packing for 1979 only and while every effort will be made to hold these prices we reserve the right to change them should circumstances demand it.

Please use the special order form on overleaf.

Like to join The LEGO® Builders Club?

Many children have asked us about a LEGO Club. So we've decided to start one and you can join right now.

For a membership fee of £ 1. per year for each member, you receive: a fine badge and membership certificate plus satchel stickers and a 3 dimensional sew-on badge for your T shirt or jeans. There will be 3 Club newsletters every 12 months. They'll have hot news about new LEGO sets, ideas for models to build and pictures of Club members' own models.

We plan to run competitions for LEGO prizes and Master Builder Awards (yes, girls can become Master Builders too of course) and there will be special offers for Club Members only.

If your mum or dad agrees, why not fill in this Registration slip and send it with your £ 1. membership fee right away?

Please Note: Club mailings can only be posted to addresses in Great Britain and the Irish Republic.
