# LEGO® Toys ... The Toys You Grow Up With

The LEGO® System has building toys for every age and stage of your child's development. **Plus** our DUPLO® Baby Toys are uniquely designed so that they can be combined with DUPLO Basic blocks, which in turn, can interlock with the smaller LEGO Basic bricks as your child grows. It's the only building toy system where the big, preschool blocks will fit directly together with the smaller basic bricks - so it's the only system your children can add to rather than outgrow! LEGO toys are carefully designed to give your child the best tools for creative play and developing imaginations! So in almost every DUPLO or LEGO Set, there are lots of different, special pieces in addition to lots of basic bricks!

Remember the LEGO® System is the **only** building toy where the DUPLO® preschool blocks will fit directly with LEGO Basic Bricks as your child grows older and that means added value!

## Dear Parents and Children

The LEGO Group takes great pride in DUPLO® and LEGO® brand toys, and if we can be of service to you regarding our products, please write to us.

Exciting realistic building  
sets with technically authen-  
tic pieces for experienced  
builders.

See pages 26-29.

# DUPLO® Toys ... The first step in the LEGO® System

As your child grows, so do DUPLO® Toys! They form a system that starts when your child is just 3 months! DUPLO Baby Toys can be used as unique building pieces when your child is ready for DUPLO Basic Building Sets, which in turn, can be added to the more realistic pieces in DUPLO Play Sets! It's a toy system that grows with your child!

## DUPLO® Baby Toys - Fun for Your Little One!

Audio and visual stimulation is important for your baby's growth and development. That's why DUPLO® Baby Toys are carefully designed to stimulate and amuse your baby as early as 3 months old. Bright colors, moving parts and funny sounds are all part of the fun - but most important DUPLO Baby Toys are safe, quality toys for your baby.

## The LEGO® System continues here with Your LEGOLAND® Collection

Now you can build with exciting Town, Space and Castle themed sets. Start small and add on to create the complete environment. There are 29 NEW sets in all.

### Look at all the exciting possibilities that just one set offers!

If you can build all these models with just one LEGOLAND® set, imagine all the building opportunities you have with your entire LEGOLAND collection. Because all pieces fit together as part of the same system. If you can imagine it ... your LEGOLAND set can build it.

# Technic

**Ages 7-14** Exciting Building Sets with Technical Realism

LEGO® TECHNIC sets are versatile, functional, and challenging with the added dimension of technically authentic pieces that bring real live action to all the models built.

## Authentic Pieces

Gears, rotors, crossbeams and many more specialized authentic pieces make the TECHNIC sets come to life with exciting functions.

The key to TECHNIC sets is technical realism. With the wheels, axles, gears, rotors and steering elements included in these sets, TECHNIC creations come to life and can operate like real-life vehicles. More technical elements for more fun and excitement!

## TECHNIC Power

Once a TECHNIC creation is built, it can be set in motion using the TECHNIC Power Pack. This battery-operated power pack

fits easily into any constructed model and can be controlled by hand or can operate within the model.

## Pneumatic Air Powered

Lifting, pulling, even picking things up! All the power of air pressure! The 8040 TECHNIC Universal Set contains the pneumatic pump function which connects to your models and operates with just the flip of a switch. It's fun and easy to use.

8700 Power Pack

8020

8035  
Universal Building Set 7+

8040  
Universal Building Set  
(Pneumatic)

8055  
Universal Building Set  
with motor

# Technic

Ages 7-14

## Universal Building Sets

TECHNIC Universal Sets contain a wide variety of technical building pieces for building creations with realistic functions.

The 8040 set even includes an air powered pump that can perform real life actions.

Additionally, the 8055 set contains a battery powered motor for setting all creations into motion.

**NEW**

8852  
Robot

# Technic

Ages 9-14

## Model Sets

TECHNIC Model Sets feature detailed functional replicas of popular Go Cart and Robot Models. In addition to authentic technical pieces, these sets also have easy flexibility to transform them into alternate models.
