Brick by brick

DUPLO and LEGO® Toys are for all children, from babies to teenagers. The variety is enormous, yet all series are based on the same idea: to enable your child to make its own toy – and to make many toys from each set. Furthermore, DUPLO and LEGO bricks fit together so “old” ones come alive again when exciting new ones are added.

What other toy system gives you so many possibilities? Brick by brick, year after year.

Maximum temperature for storage and washing. (Electric parts not washable).
