Great!
49 New Items!
1989 Catalog

Welcome to...

The LEGO® SHOP AT HOME SERVICE

Especially designed for our preferred customers like you, the LEGO Shop At Home Service started in 1979 to provide you with easier access to a larger assortment of LEGO and DUPLO products.

49 New Items

Now you can choose from over 160 unique or hard to find building sets and accessories. Plus, we added over 40 new items to make this our largest and best assortment ever. In any case, it's a special delivery of building fun to your door when you order any LEGO item in this catalog.

Many of these LEGO toys are available only from our Shop at Home Service. It's just one of the benefits of being a LEGO preferred customer. And as an extra value, we have expanded our Shop at Home Service to include a select group of building sets and accessories that you told us are hard to find at your favorite store.

The LEGO Group has been in the business for more than 50 years. In that time we've worked hard to uphold our founder, Ole Kirk Christiansen's motto: "Only the best is good enough." This commitment for excellence is carried out in our high-quality products, as well as in our good relations with our customers. As a small family-owned Company, we guarantee your satisfaction. You will always be treated as an individual with us.

Ole Kirk Christiansen

"Only the Best is Good Enough"

Ole Kirk Christiansen started the LEGO Group over 50 years ago based on this simple philosophy. This began the tradition of excellence in product development and product quality that remains the LEGO credo to this day.

Today, before a new LEGO product is introduced, it must pass stringent qualifications. This ensures all LEGO toys are unique, providing a quality-manufactured toy that offers endless and untiring year-round play possibilities.

"It is worth every penny! My children continue to play with LEGO bricks when the novelty of other new toys has passed." states Wendy Pannell of Murfreesboro, Tennessee.

Cheryl Hamrich of Chattanooga, Tennessee says "... when I think of how my sons have played with LEGO bricks *daily* for over four years... I have to say they are one of the best toy purchases a parent can make. I can't think of any other toy I could say that about."

And I think you will agree, when it comes to our children, ONLY THE BEST IS GOOD ENOUGH.

Preschool Toys

**Play Sets for Work, Play
and Fun**

Ages 2-5

By land, sea or air, DUPLO play sets are ideal for inspiring imaginative and creative role play. Children learn to use their hands building these toys as well as their imaginations. Designed for hours of play. And they're fun, too!

Each set contains big, colorful blocks with smooth, round corners, plus friendly people — all crafted from durable plastic. All pieces snap together and apart easily. Try it yourself — “click” two blocks together and see your child laughing, smiling, giggling and building their first work of creative art.

A. #2638 NEW Working Crane Truck. Loads of fun here on this big rig truck. Working crane lifts and moves in a complete circle or drive any DUPLO vehicle up the moveable loading ramp. Storage container has working doors. All this detail adds up to endless hours of fun and laughter. Over 7" long. 9 pieces. **\$20.50**

B. #2626 NEW Car and Boat Vacation Trailer. Take the family to the lake or the ocean for a vacation or weekend treat. Your DUPLO car and boat trailer is complete with car and boat trailer. 5 pieces. **\$9.50**

C. #2632 Container Truck. Transport your load of goods or DUPLO Blocks anywhere and anytime with this roomy container truck. Complete with sliding door and mini figure. **\$9.50**

Train System

"All Aboard" for Train Loads of LEGO Fun

Ages 6 & up

You engineer your own fun and adventure with LEGO TRAINS. Our train system is more than just a train and some tracks. It has the scope and detail of an entire railroad. With a station, level crossing, container crane, car transport, and extra rails, you'll run your own railway to rival the big guys.

And we add two new rail cars this year!

A. #7823 Container Crane. You feel like a railworker. Move the crane in any direction and transfer cargo from a truck or boat onto your train. Many extras—a truck, two shipping containers, baseplate, a rail-car and two mini-figures—will keep you busy for hours. A perfect accessory of the LEGO Cargo Carrier (#4030) on page 23. 473 pieces. Ages 8 & up. **\$43.00**

B. #7722 4.5 V Battery Train. A sleek, swift LEGO engine powers your LEGO Railroad. This complete package includes 3 rail cars, a forklift truck, loading platform and more. Plus enough track to make a large 37" x 27" oval layout. Best of all, the building instructions show you how to build two different train models. Requires 3 "C" size batteries (not included). 476 pieces. **\$74.00**

This is some railway.

C. #7835 Manual Level Crossing. Train's coming! You'll have to stop your LEGO car at the crossing while the train passes through this section of town. Includes a baseplate, two movable crossing gates and LEGO landscaping to make your train crossing identical with the ones in your town. 128 pieces. **\$19.25**

D. #7839 Car Transport. Cars are heavy freight but with your Car Transport it's no problem. Drive your LEGO car up the ramp. Movable loading platform transfers the car right onto the railcar. Features control tower, flatbed rail car and two mini-figures. Ages 8-12. 331 pieces. **\$37.50**

E. #7715 Push Along Train. Is your child fascinated by trains and loves to build? Start your young railwayman with this LEGO Push Train—a train to hold and push along. You can always convert to a battery train later on with #810 (sold separately). Building instructions come complete for two different types of railway cars and different track layouts. 445 pieces. **\$47.00**

F. #7813 NEW Oil Tanker Rail Car. Now you can collect another unique rail car for your train system. Not available in any store. Please note: your battery train is designed to pull only 3 cars. If you wish to run this oil tanker, you must remove another rail car. 119 pieces. **\$15.50**

Take the LEGO train down
the track to more fun.

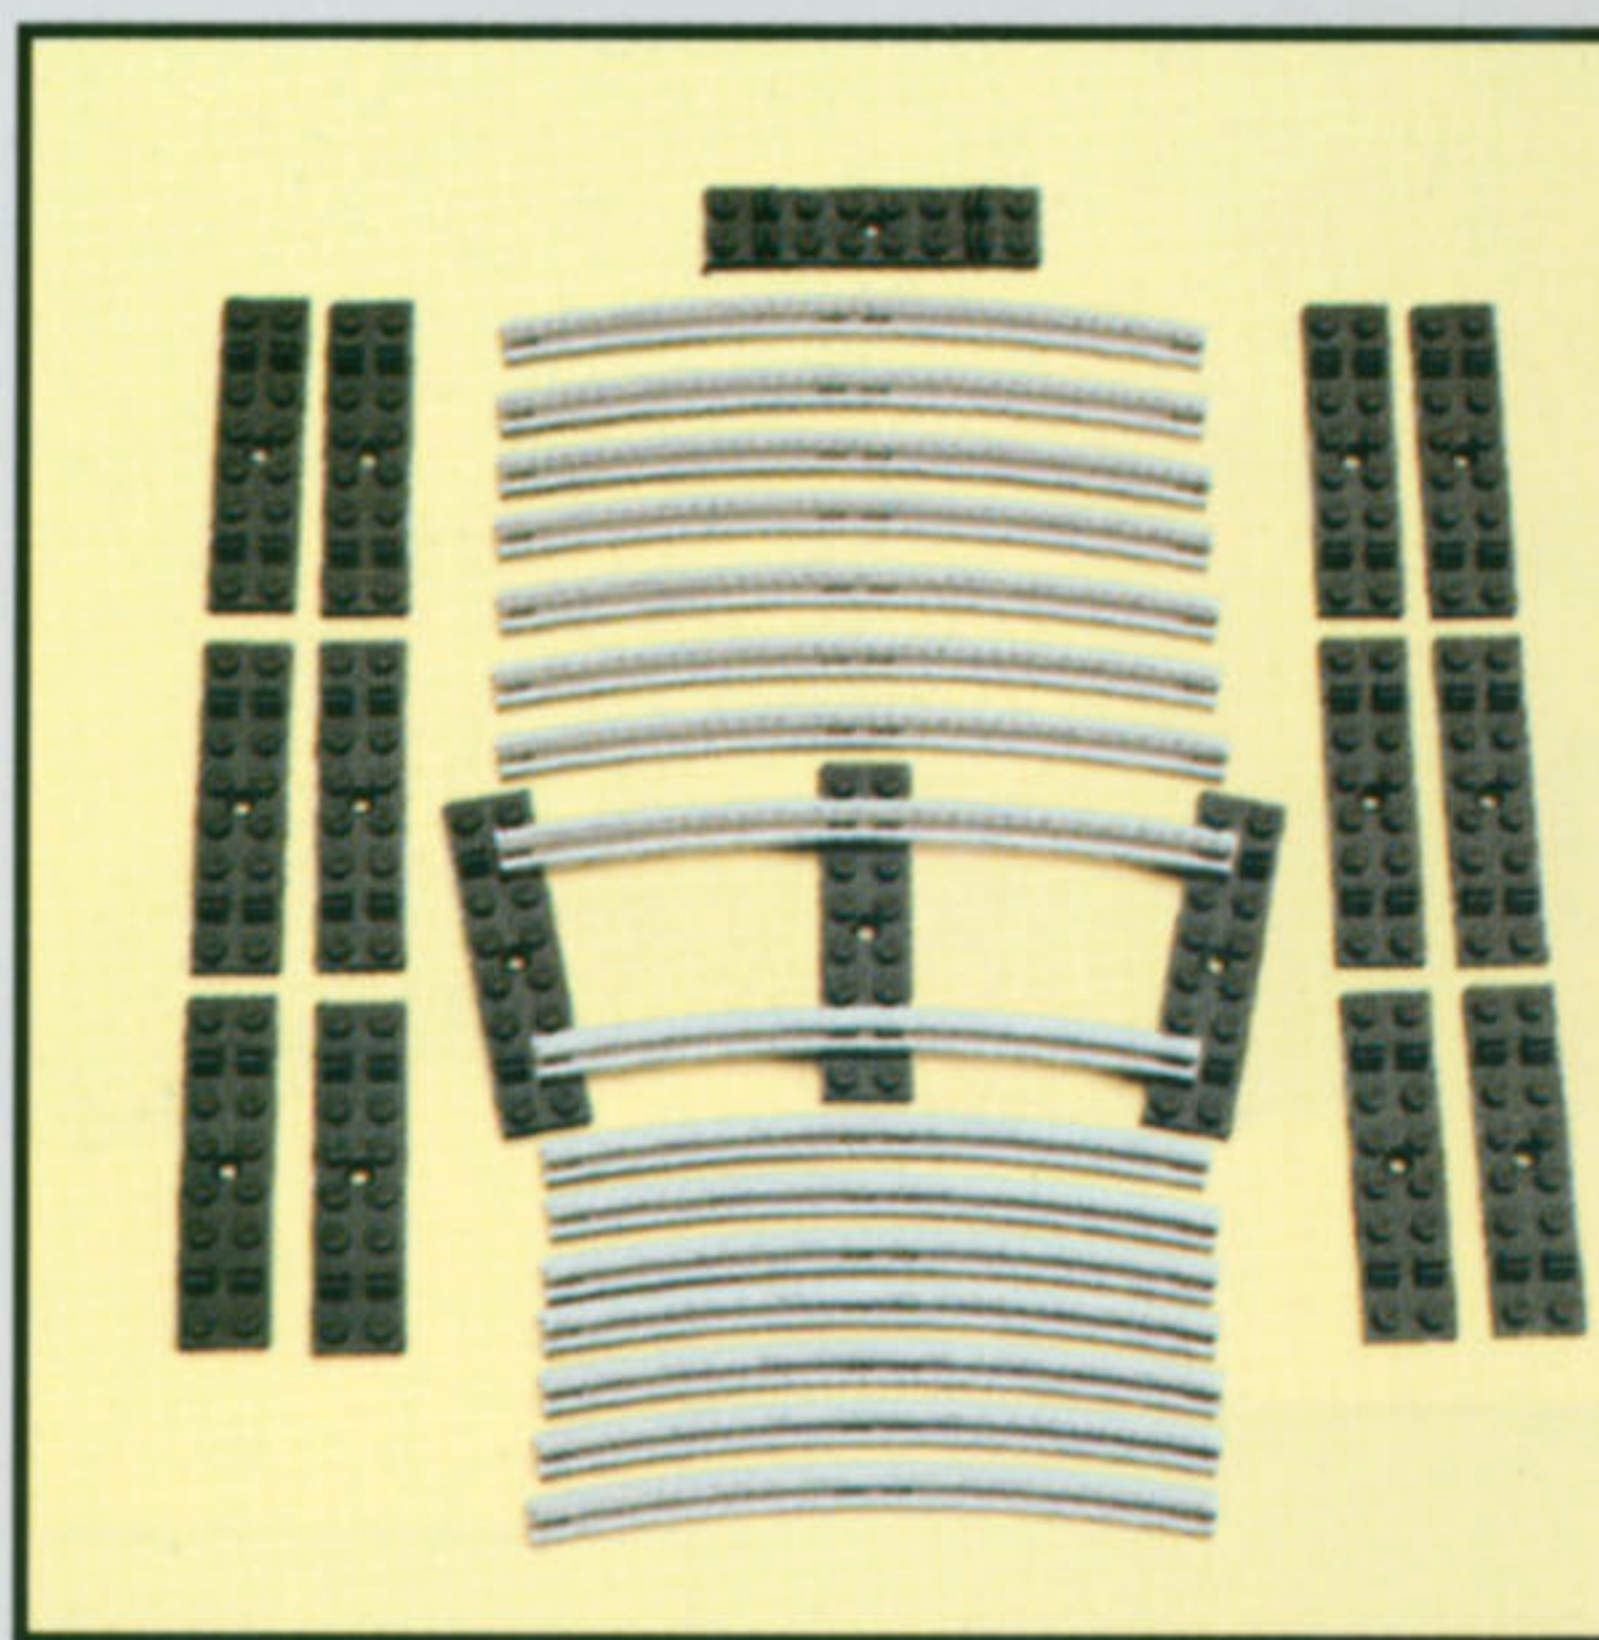

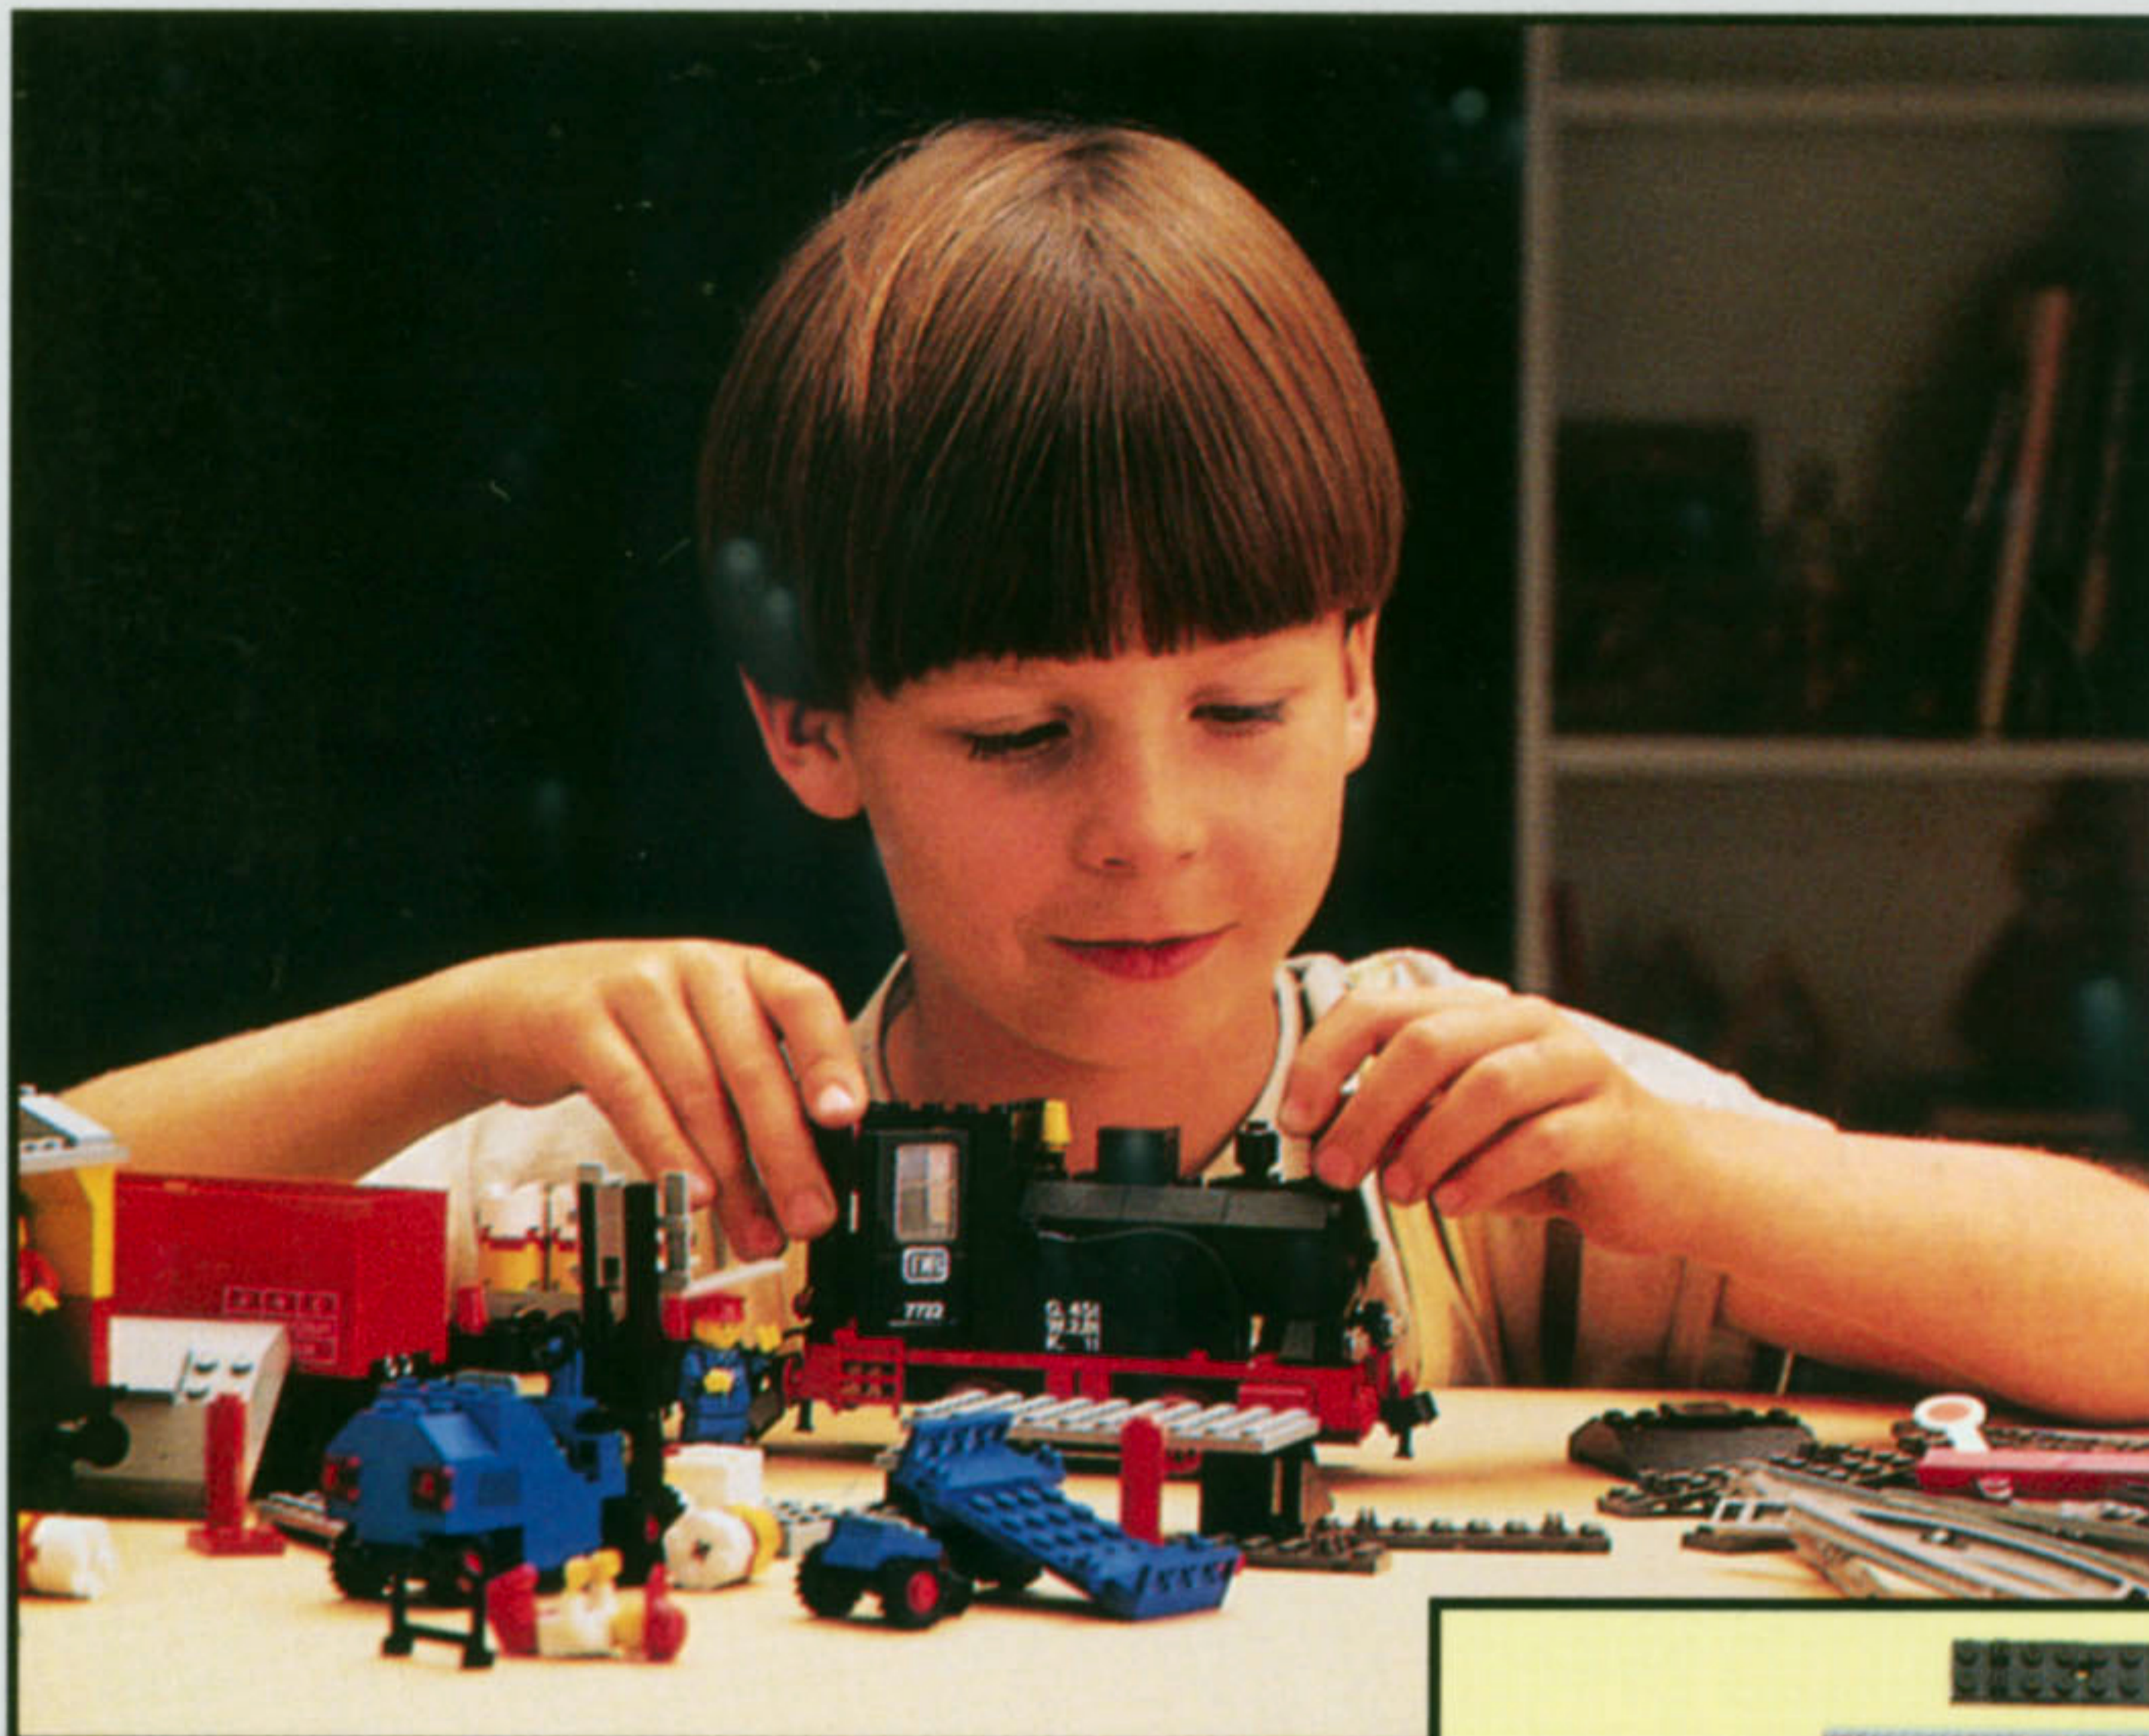

A. #7850 Straight Rails. Over 40 inches of track. Makes 8 straight track sections, each 5 inches long. **\$8.75**

B. #7851 Curved Rails. Enough track sections for a 27" half circle. 8 curved track sections, each 5 inches long. **\$8.75**

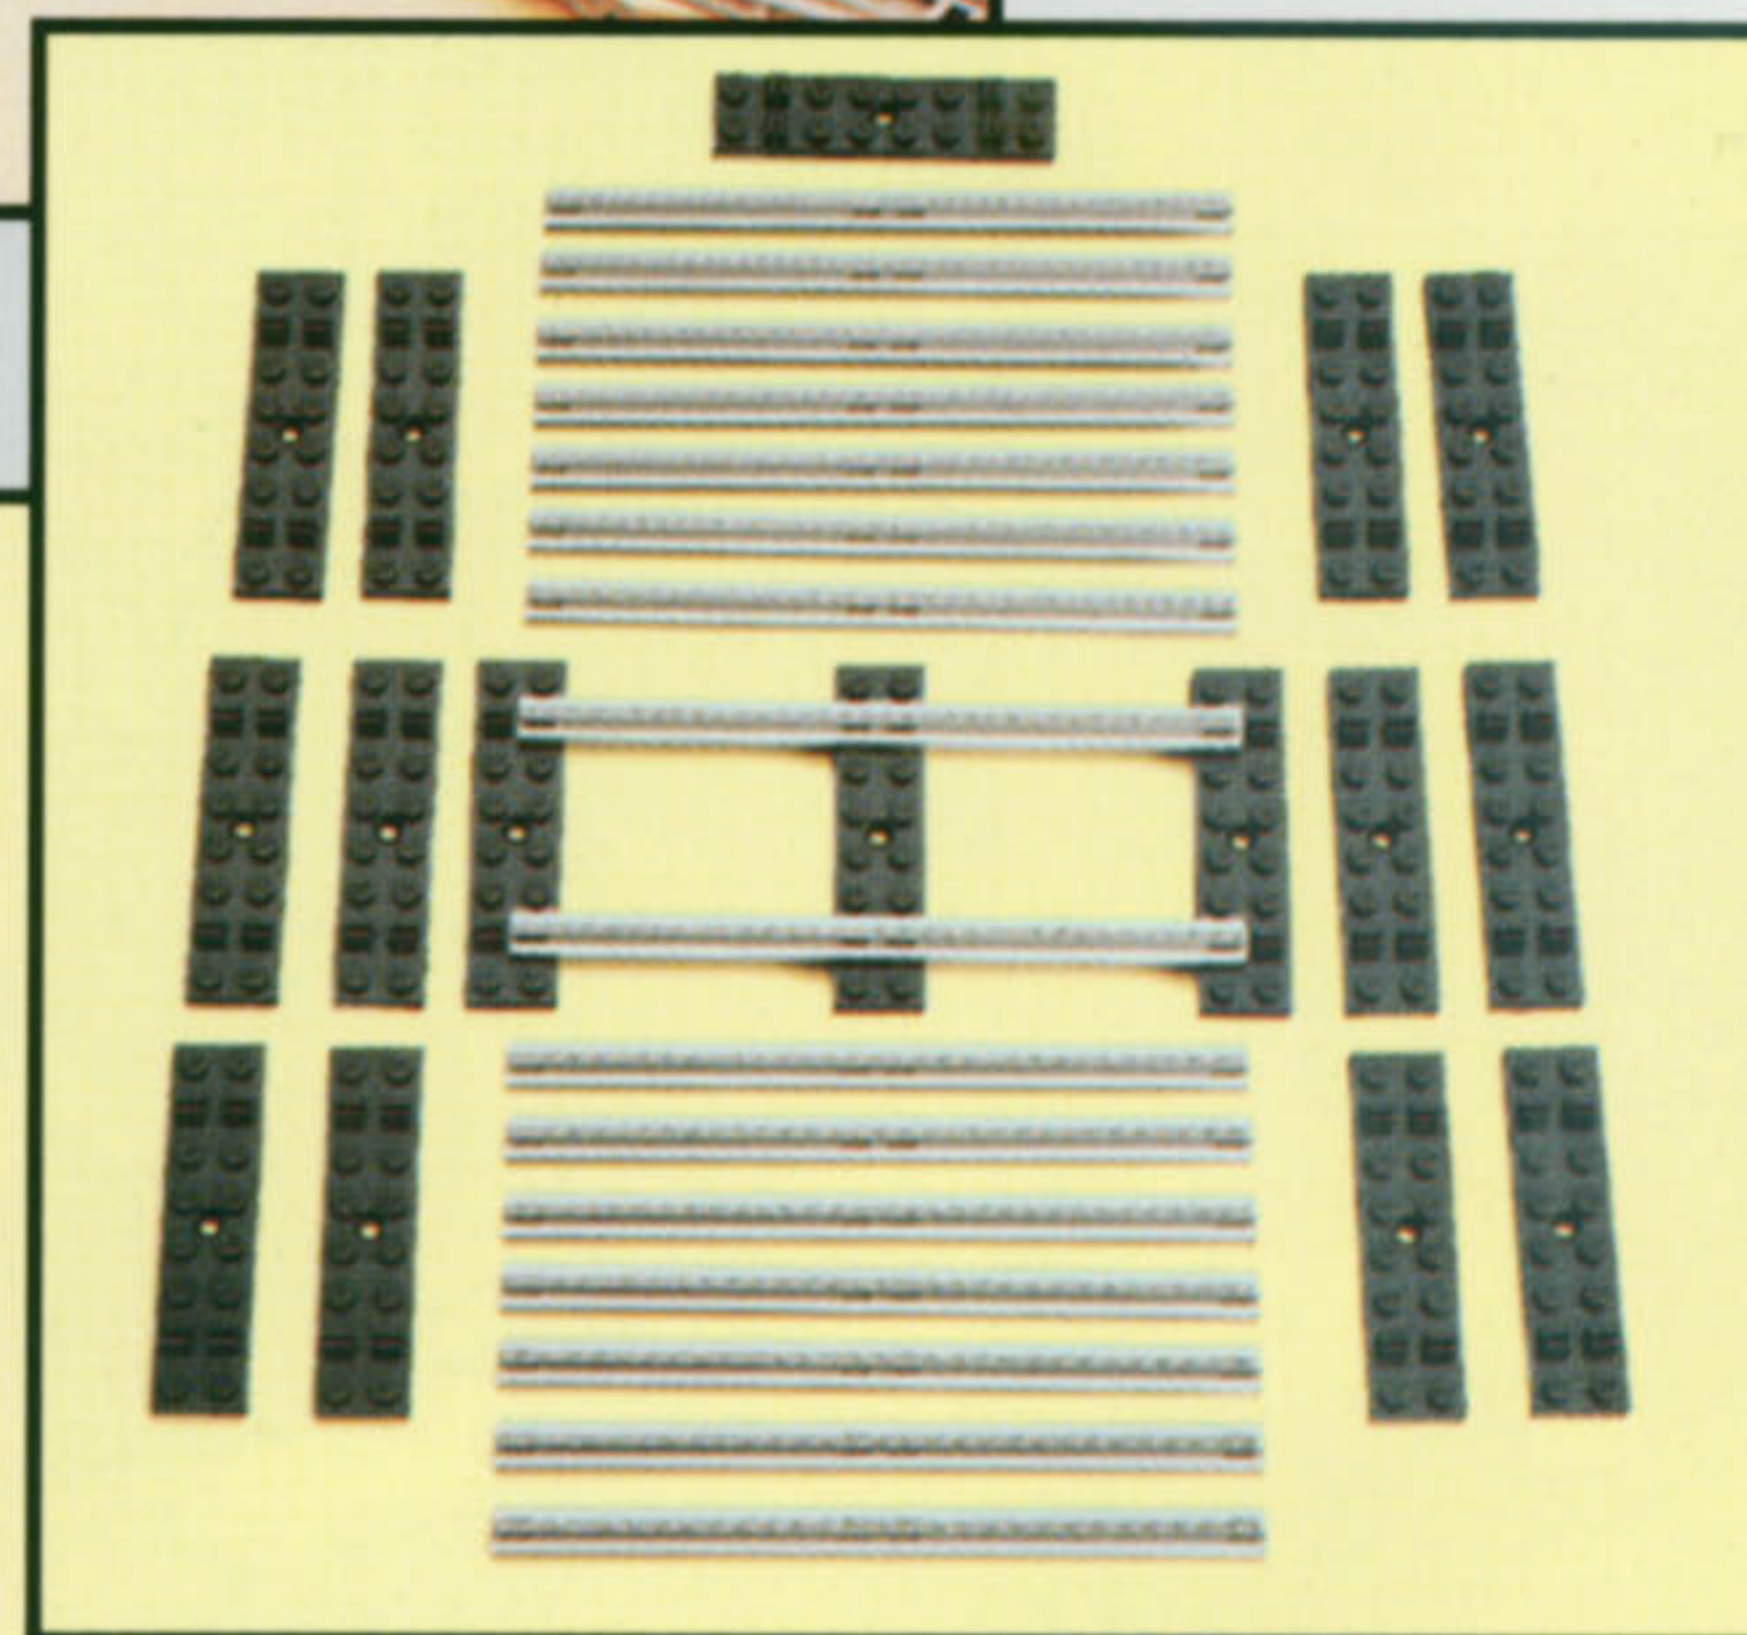

C. #7852 Switching Tracks. Two switching tracks allow you to add new routes to your LEGO Train System. Each switching track is 10" long. Arrives pre-assembled for quick changes to your railway. **\$10.00**

D. #7857 Crossing Track. Now make that figure 8 with this new crossing track. 5 pieces. **\$8.75**

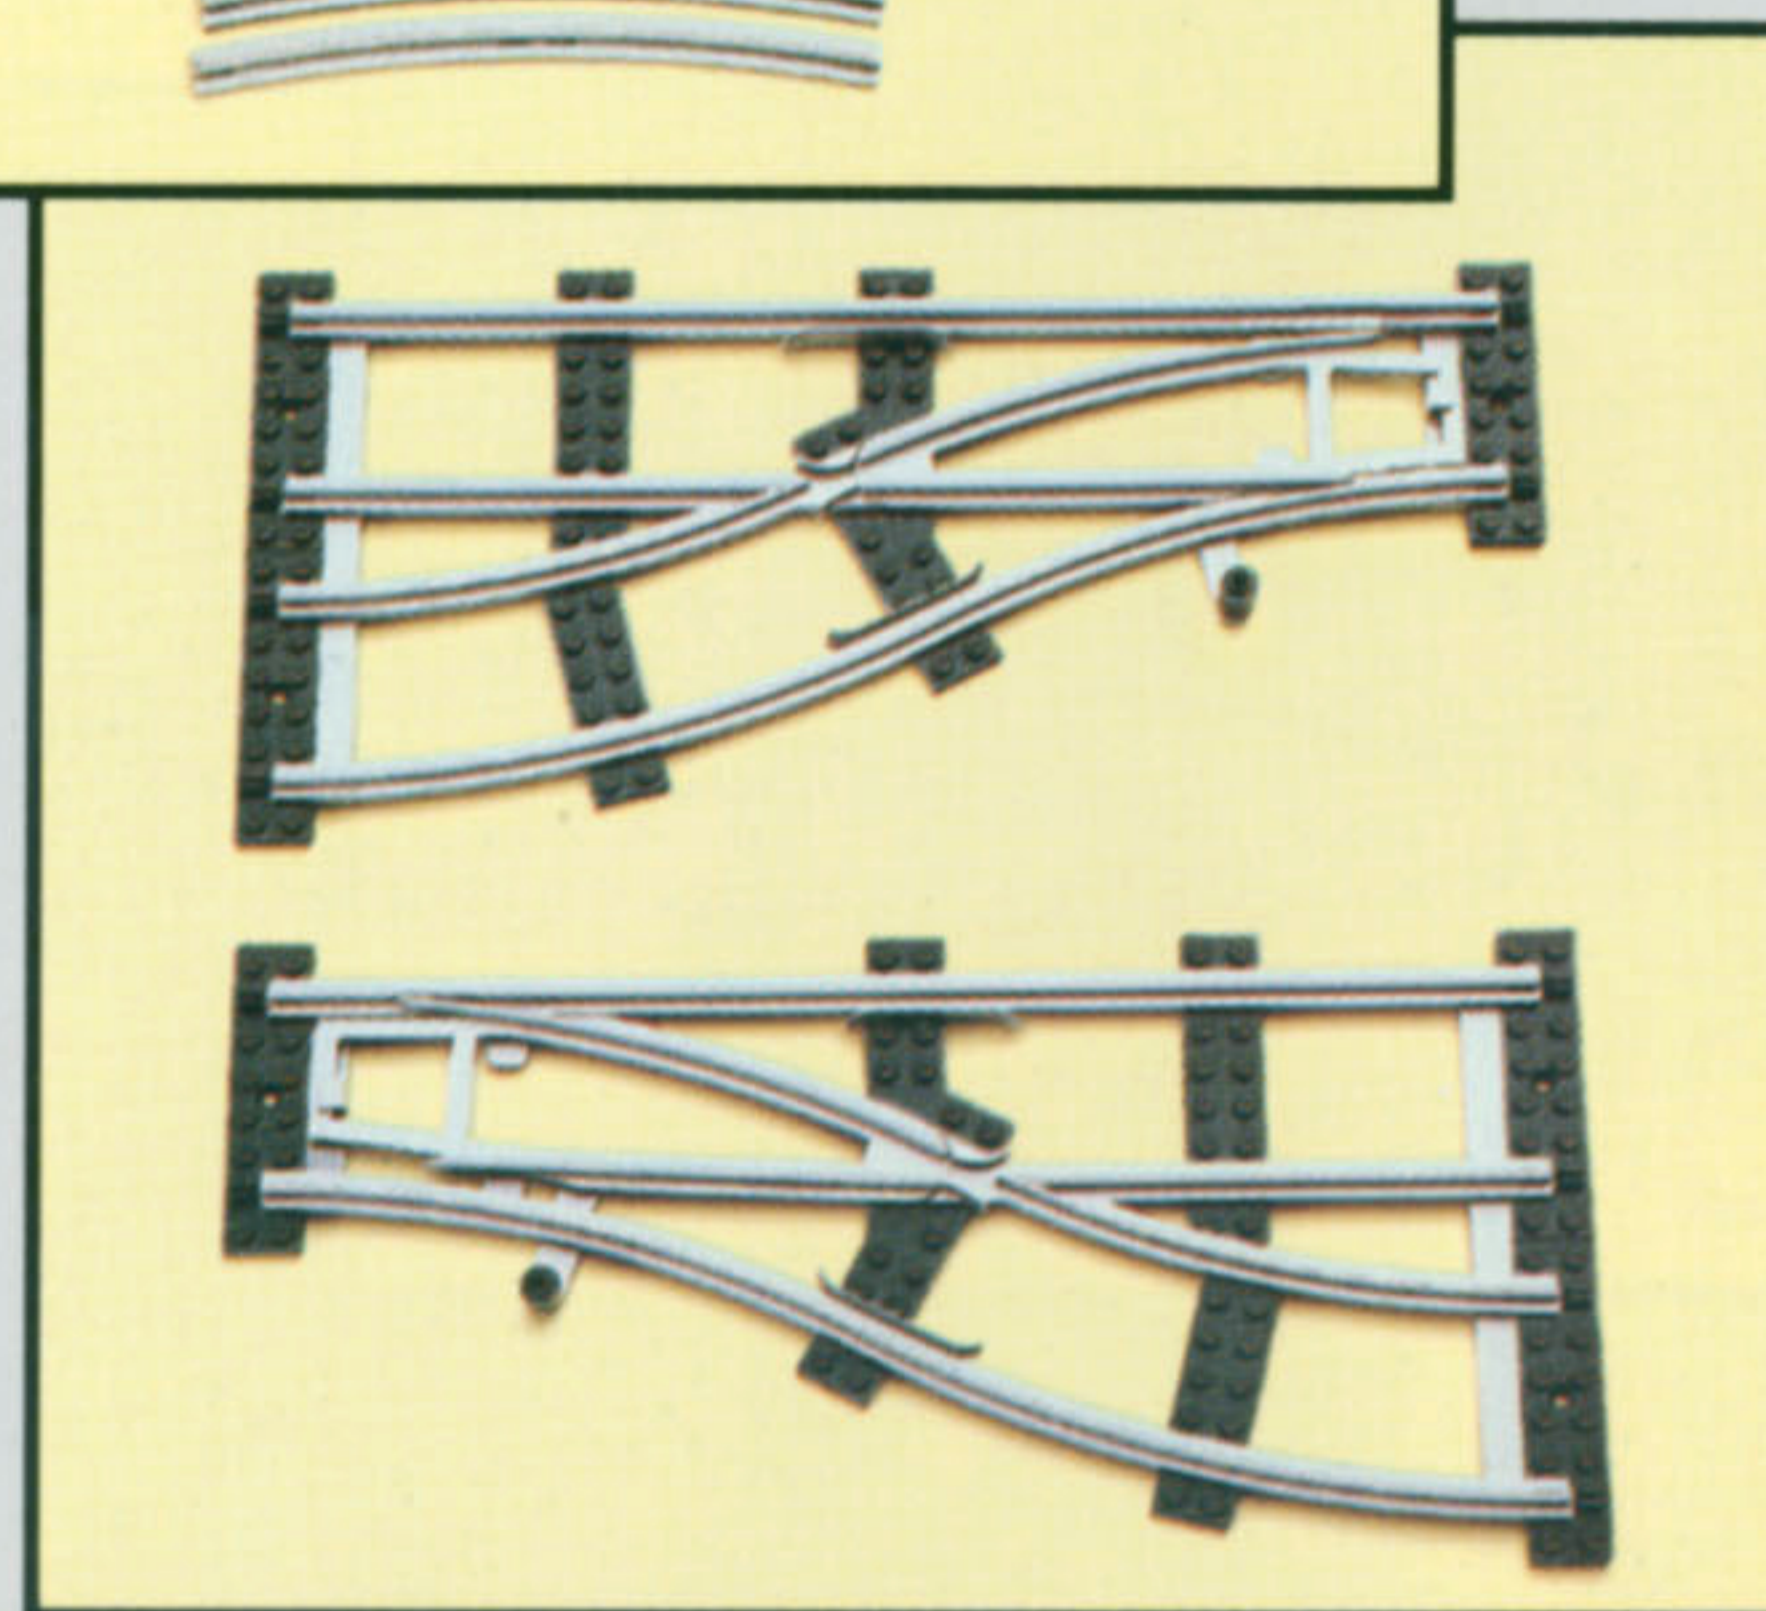

● **#7859 Deluxe Train Track Kit.** Convert your basic oval track into a 5 feet \times 3½ feet double loop oval track. This deluxe kit includes the following items: 2 \times #7850, 2 \times #7851 and 2 \times #7852. Regularly priced at \$55.00. Now only **\$47.00**

Many alternative models can be built—just supply your imagination and have fun building with LEGO sets.

P.S. There's a hint on the box.

E. #7824 Train Station. You'd think it was Grand Central Station. First you must buy your tickets at the counter. While waiting, mail a letter, grab a bite at the snackbar and before you know it, the control tower will be directing the train into the station—right on time. A baggage truck and 9 mini-figures come with this set, along with many other unique elements. Ages 8 & up. 460 pieces. \$49.00

F. #7817 NEW Crane Wagon Car. Got repair work to do! Here's a way to do it. This new crane railroad car can lift heavy cargo on and off the train. Stabilizer base keeps the rail car steady while you work. Please note: your battery train is designed to only pull 3 cars. If you wish to run this crane wagon you must remove another rail car. 146 pieces. \$23.00

Discover the secrets of
the Mechanical World with
TECHNIC Model Sets.

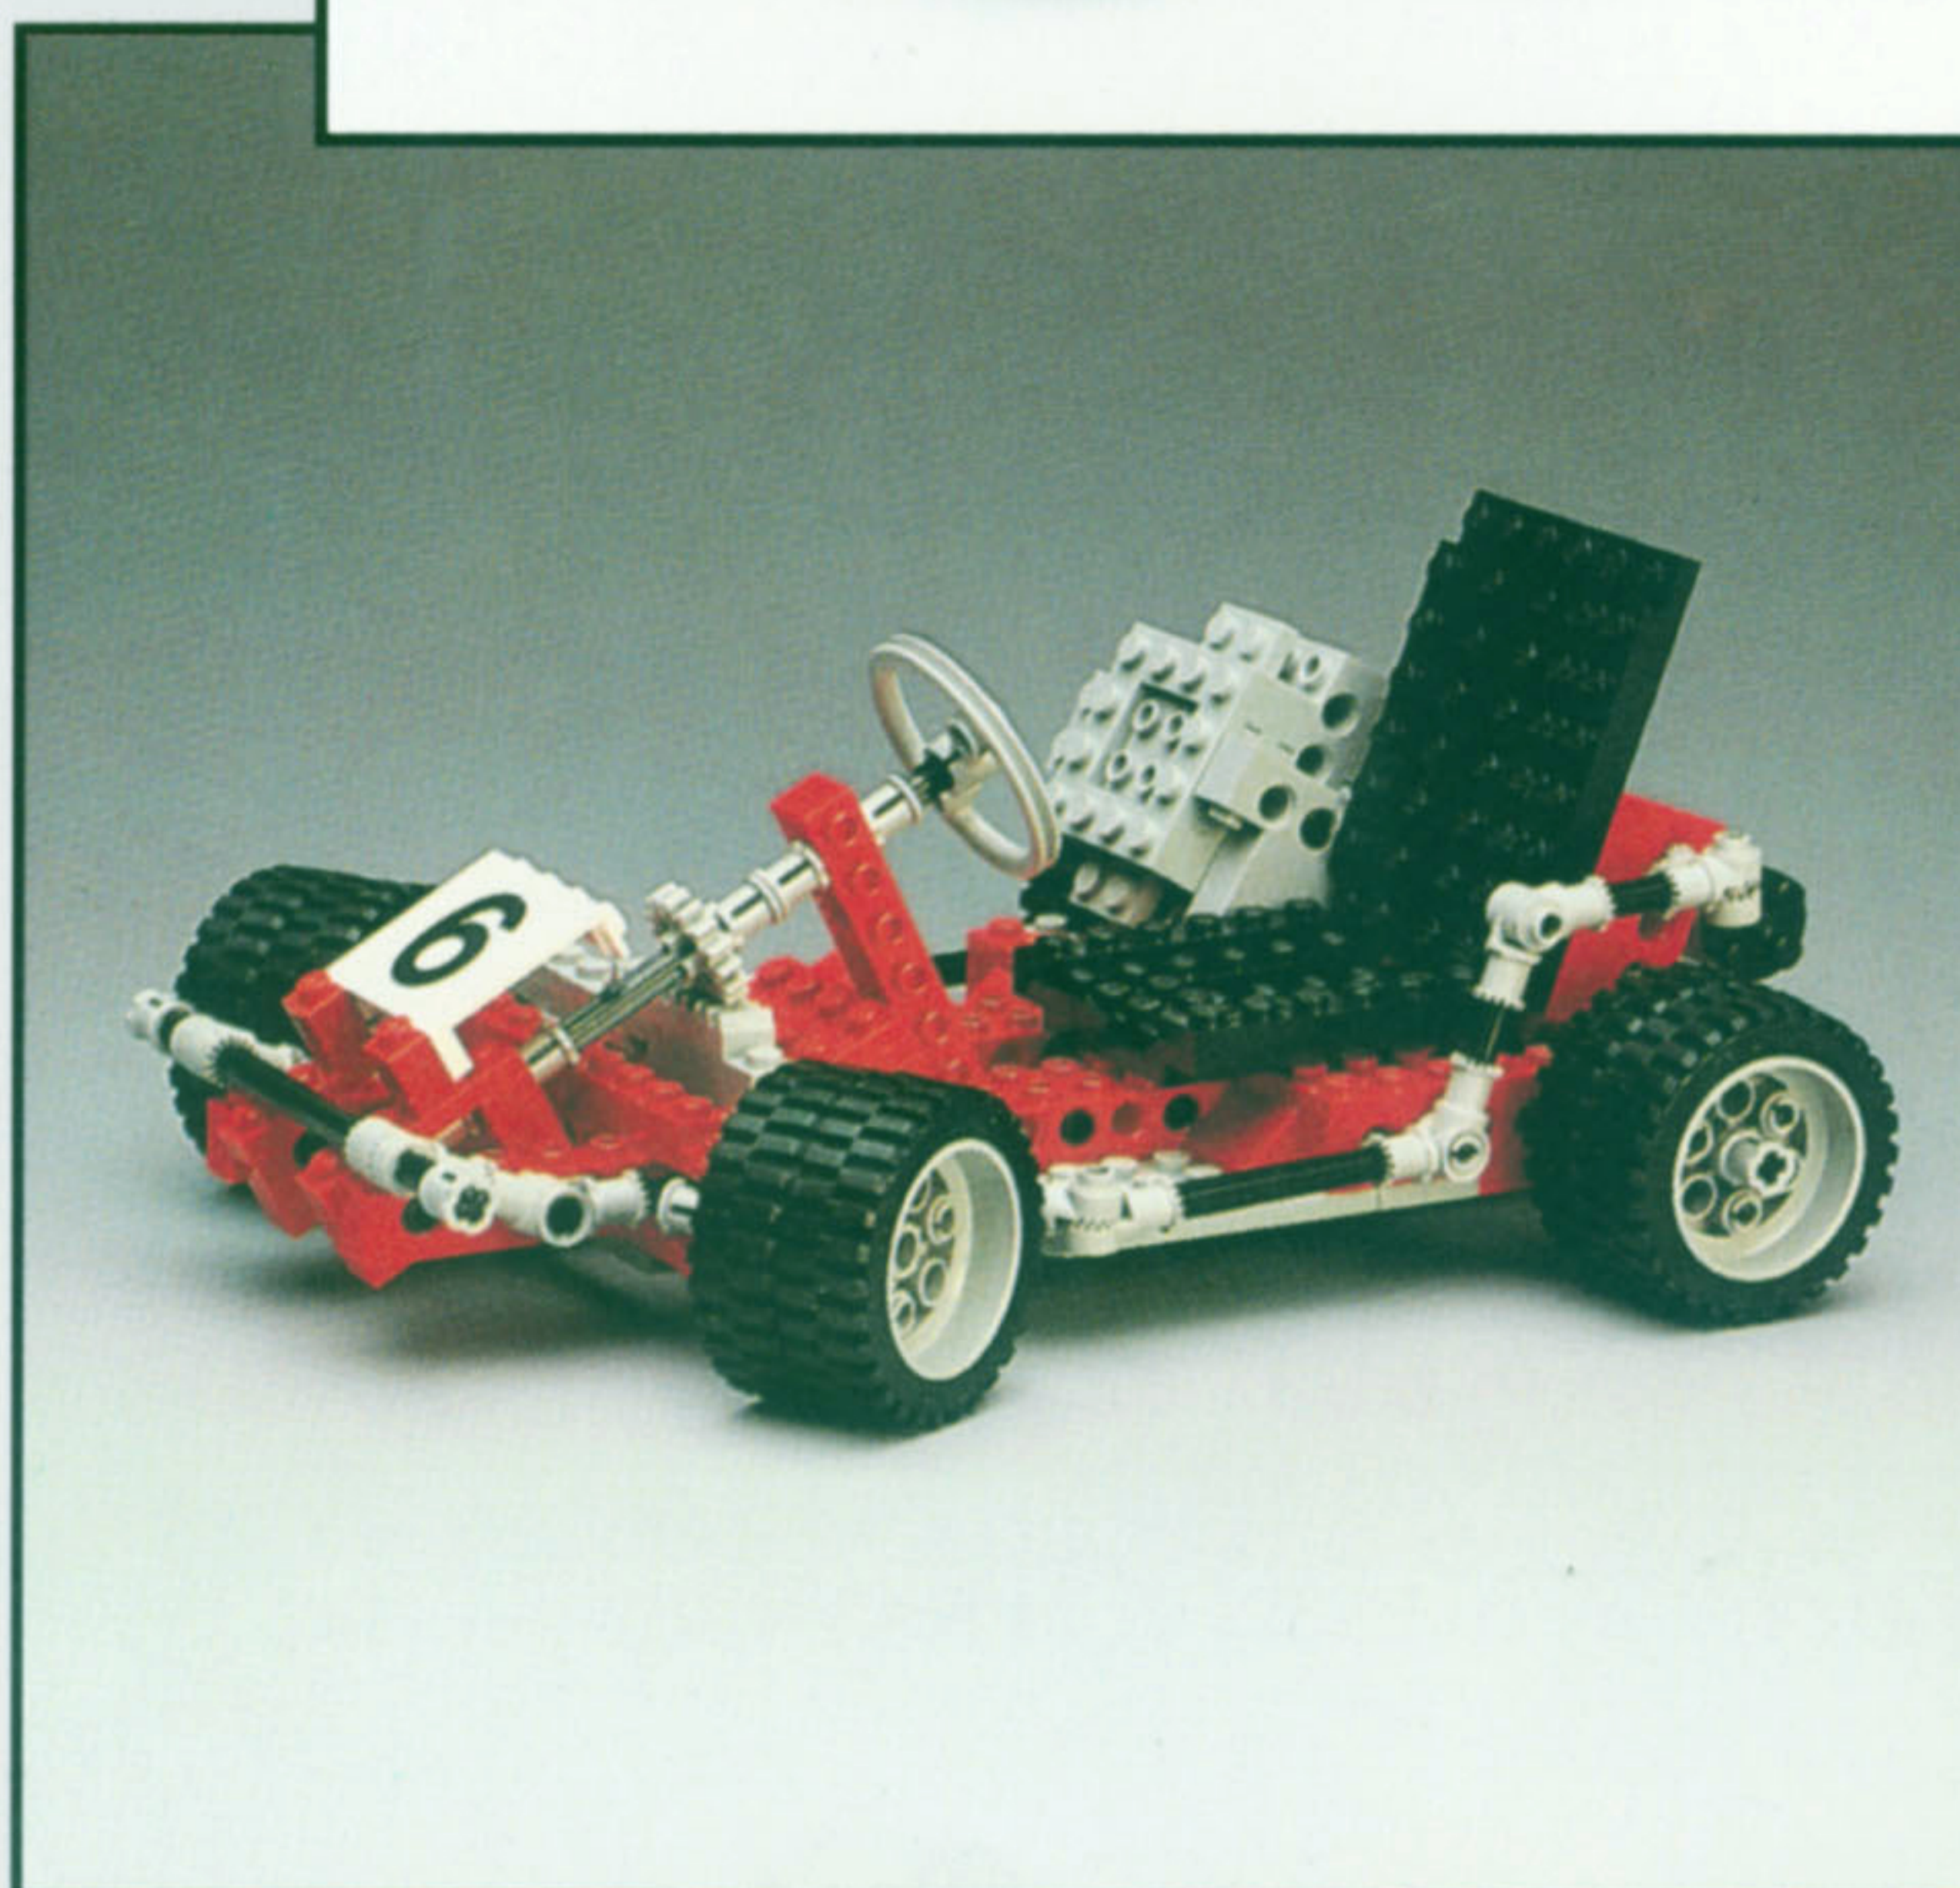

How does that car work? What makes these gears mesh? From race car to bulldozer, LEGO TECHNIC builders experience how mechanical things work by putting together models with technically authentic pieces. And they have fun! LEGO TECHNIC Models offer endless possibilities to build new models with many numerous, fascinating functions. And, of course, all other LEGO pieces fit, too.

A. #8865 NEW TECHNIC Test Car. A big 18 inches plus long. This new Test Car has an impressive range of functions including a rear mounted V-4 engine with working pistons and crankshaft, a gearbox with 2 gears plus neutral, and 4 wheel independent suspension which is the same system as on formula 1 racers. Other working details include fully adjustable seats, pop-up headlights operated by a lever between the seats and rack and pinion steering. Completed with detail building instructions for the Test Car & Off Road Jeep! Power this car with the #8700 Technic Power Pack (sold separately). For ages 11 & up. 898 pieces. **\$89.00**

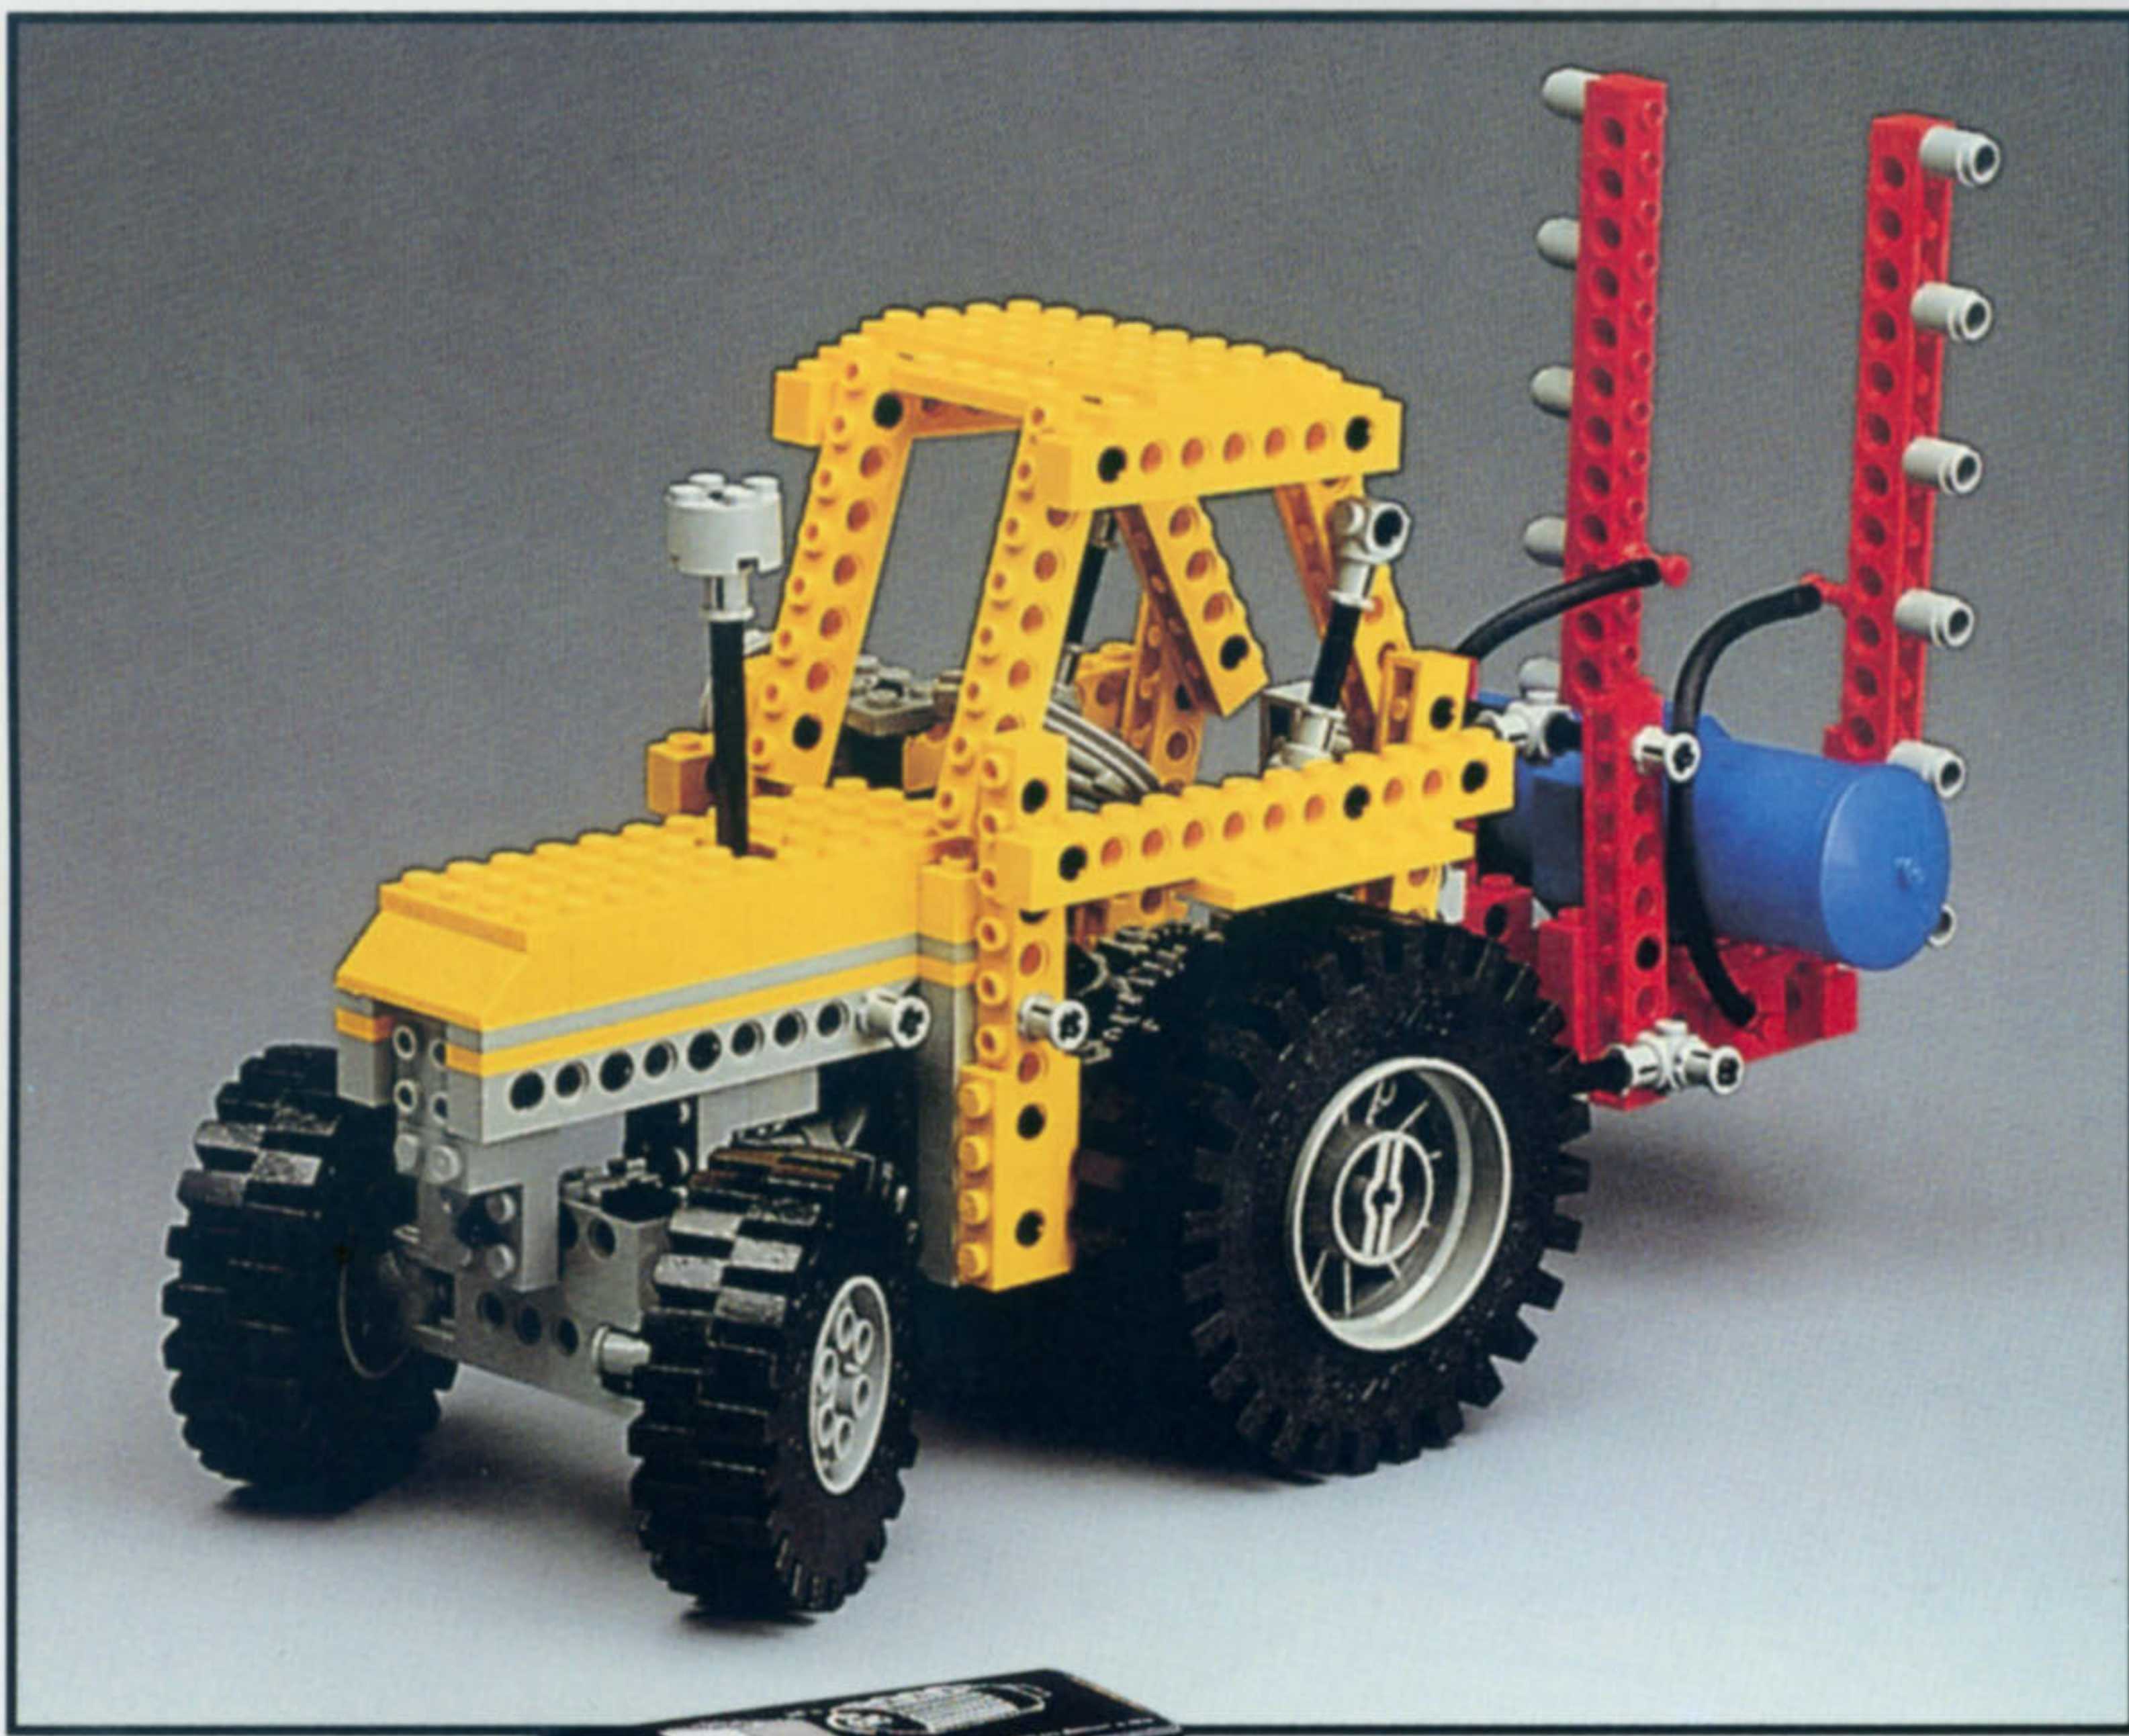

B. #8842 Go-Cart Model Set. This fiery red go-cart model looks just like the real thing—with specially designed tires and rack and pinion steering for the track. Want something new—try building the alternative model—a six-wheeled racer. 273 pieces. **\$28.50**

Many thanks for your *quick* and *kind* response regarding my two recent orders for my daughter's birthday. Both of the ladies I talked to were super and couldn't have been more accommodating. My 11 yr old son and 8 year daughter play with LEGO products daily and you people are the best and so is your product. Again, many thanks.
