# Enter The LEGO world of ADVENTURE AND IMAGINATION!

Imagine a world that you create on your very own - where your imagination determines what happens and you decide what adventures will take place. It's the world of LEGO® toys and you're holding the key to adventure in your hands. From the DUPLO® Children's Zoo to the LEGO TECHNIC

Front End Loader, LEGO Shop At Home has

something for kids of all ages (even mom and dad). Many of these building and play sets are loaded with unique elements you won't find in other sets. All that's needed is your imagination!

Originating in 1979, this catalog is our way of giving special customers an easy way to find all of the LEGO toys they're looking for. Many of these toys are available only in the Shop At Home Catalog. We've also included some hard-to-find LEGO building sets and accessories. Plus, you'll find many NEW products-including the Dragon Masters, the Ice Planet collection (page 36) and the all new LEGO TECHNIC Super Car (page 46).

## Our toys. Your kids. Perfect together.

The tradition and quality that the LEGO Group stands for started over 60 years ago. Founder Ole Kirk Christiansen based all of his decisions on one simple philosophy: "Only the best is good enough." Today, we remain committed to this credo and work hard to make sure your child enjoys his or her LEGO building sets to the fullest.

With our rich history, we often discover that many parents who are ordering building sets for their children played with LEGO toys when they were younger (and some admit to still playing with them today)! LEGO toys are unique, in that before a new product is introduced, it must pass stringent test and qualification guidelines. We want to make sure that our toys offer endless entertainment possibilities for all the children who play with them.

While we've grown over the years, we still think of ourselves as a small, family-owned company. We promise to make every effort to delight your child - and you. After all, when it comes to our children, only the best is good enough.

## Safety First

LEGO building sets are specially designed for every age and stage of your child's development. Each set provides a unique building challenge with the emphasis on FUN! While no one knows your child as well as you do, please take a moment to review age guidelines when you are ordering.

### WARNING:

**An Important Safety Message to Parents.** LEGO SYSTEM and LEGO TECHNIC sets contain small parts. These sets are NOT suitable for children under 3 years of age. DUPLO sets have larger pieces which are specially designed for children under 3.

### Guarantee

We believe our service must live up to the quality of our toys. We know that you'll be totally satisfied with your order. But if there's any reason that you're not, simply return it to us for replacement, exchange or prompt refund.

## An Important Safety Message

**PARENTS:** How to choose the right LEGO Sets for your children.

LEGO SYSTEM and LEGO TECHNIC sets contain small parts. These sets are NOT suitable and may pose a hazard to children under 3 years of age. DUPLO sets have larger pieces which are specially designed for children under 3.

LEGO building sets are specially designed for every age and stage of your child's development. Each set provides a unique building challenge with the emphasis on FUN! While no one knows your child as well as you do, please take a moment to review age guidelines when you are ordering.

## LEGO Quality Guarantee

We believe our service must live up to the quality of our toys. We know that you'll be totally satisfied with your order. But if there's any reason that your not, simply return it to us for replacement, exchange or prompt refund.

Prices are guaranteed through December 31, 1994.
