The best toy designers in the world

We design all the elements and bricks. But it still takes the imagination of a child to make a truly outstanding toy. A toy like no other in the world, a toy that can easily be built into a completely different one. The DUPLO® Bricks can be built together with the LEGO® SYSTEM sets - which then work with the LEGO® TECHNIC sets. That's why LEGO® toys have an almost unlimited life and an infinite number of possibilities.

Building fun

Lots of colourful bricks and pieces with many sounds and functions to explore. All ranges stimulate the child's development and make it fun both to play and learn. SEE PAGES 4 - 19.

It's a new toy every day.

The essence of free and creative building. Many themes to choose from: Basic, Belville, Town, Trains, Ships, Pirates, Castle, Space and Model Team. The Electric System in Town, Train and Space adds even more fun and play value. SEE PAGES 20 - 47.

LEGO Technic 7-16 years
It's Technofunctionomical
 This is where adventurous builders seek new challenges. Lots of realistic functions with gears, pistons, electric motors; compressors, pneumatics and an electric system. Even a programmable Control Centre and a Super Car is waiting to challenge you. SEE PAGES 48-55.

Are your children learning with LEGO® products at school?

Don't be surprised if they are! LEGO Dacta is the educational division of LEGO UK Limited, and thousands of children are already working with LEGO Dacta sets, from Nursery schools to Secondary schools.

All LEGO Dacta products are curriculum based and designed for group use. Extensive teachers' support material makes learning easy and fun.

LEGO Dacta sets are not available through this brochure or in the shops. For more information please telephone us on: 0978 290900 and ask for LEGO Dacta or fax us on 0978 296239.

Building Sets

Enjoy every little step ahead

It all begins with putting the bricks together. Soon your child can turn DUPLO® Building Bricks into almost anything. Playing with DUPLO bricks even improves motor skills and coordination while giving lots of fun. The creativity is easily carried around in the practical buckets, cannisters or the Carry Case. DUPLO Building Bricks fit all other DUPLO toys, so the fun just keeps on building.

2730

My First Electric Play Train Set.

Includes many sounds and functions which are under the child's control. From 3 years.

The train can be controlled in three different ways: a start/stop button placed on top of the train, a pole reverser which changes the train's direction and by means of a start/stop rail.

Play Train

My first Electric Play Train will run on 3 x 1.5 volt batteries. Four different sounds indicate the functions start, stop, reverse and automatic power cut out. The cut out facility comes into effect when the train has not been activated for two minutes.

2-6 years Playhouse

The house of the rising fun

With DUPLO® Playhouse the imagination has room to move. When playing "house" the children decide for themselves how to build and furnish their home - any improvements can soon be made! Many of the sets include soft beddings and curtains which can be drawn.
