A unique fiber-optic system that gives the effect of pulsating light beams. And the best part is, the Interstellar Starfighter takes your child on journeys into deep space—but can also land in the middle of the Wild West or the Outback. Or to the world of Castle. Because, like your child’s imagination, LEGO toys know no boundaries.

You’ll find over 250 LEGO toys and accessories in our BIGGEST catalog ever—many of them unique or hard-to-find in stores. So take a few moments to browse through these pages. And see the wonderful worlds and the delightful surprises that await your child’s growing mind.
