Sam Grant, a young ex Army Officer, is our hero in the world of the Pharaohs. He has discovered a quarter of a map which shows that there is buried treasure to be found in the Temple of Anubis. Pharaoh Hotep's ruby is the real treasure.

This is the most valuable ruby in the world. Pharaoh Hotep will not rest until the ruby is back within the walls of the temple, and will wreak havoc and disaster throughout the land. Sam Grant, along with his colleagues the Professor and Miss Pippin Reed, have different ideas as they want the ruby to show the rest of the world. Why not take part in the Adventure and take a look at our new range of Adventurers coming out in March. You will not be disappointed!

If you want to know more about the ancient language of Hieroglyphics then why not look on the web site <http://www/quizland.com/hiero.pht>

LET THE ADVENTURE BEGIN...

LEGO® Toys for Pre-Schoolers!

Play is a really important part of the early years of a child's life. Not only is it great fun, but it also helps children develop too!

What makes the LEGO Brand special?

We believe our LEGO PRIMO range and LEGO DUPLO toys are special because they provide children, (and maybe you, too!) with hours of imaginative play, whilst also strengthening their intellect and contributing to their development.

We don't neglect the practical considerations either. Our products are made to exceed minimum safety standards in every country in the world, so that you, as parents, are reassured and can have confidence in our products. LEGO toys are durable too, to ensure they stand up to children's boisterous play! We all know how messy children can be, so our toys (with the exception of electrical parts) are also easy to clean with warm, soapy water!

Playing with LEGO Toys

Children can use LEGO toys in all types of play.

Physical Play

In this type of play your child will push or throw toys around energetically. This teaches your child how to co-ordinate their actions and control their body.

Experimental Play

Stacking things, sorting shapes and putting things into containers are all types of experimental play. By watching and talking to your child you can help them with their new discoveries!

Creative Play

Children love to use their toys to make things! The beauty of LEGO PRIMO toys and the LEGO DUPLO range is that they can be combined in so many different ways that will really appeal to your child's imagination.

Fantasy Play

When children get a little older they love to act things out, make stories up and use their toys in role play. LEGO toys are a great way to stimulate this type of fantasy play, and challenge your child's imagination.

Messy Play

Many of our products have been designed with "messy play" in mind!

By playing with sand and water alongside our toys, children can enjoy learning about the different properties of materials.

Playing With Friends

When your child begins to socialise with other children, LEGO toys make playing with friends great fun!

The Total Play Experience!

We hope this brochure will give you an insight into how our LEGO PRIMO Baby range and LEGO DUPLO toys can help your child's development whilst providing hours of fun! Learning is fun with LEGO toys, and our philosophy behind the development of our products is that they should grow with your child; LEGO PRIMO fits with LEGO DUPLO which fits with LEGO SYSTEM and LEGO TECHNIC - The Total Play Experience!

2096 LEGO PRIMO Barney Bear Stacker.

Stacking with Barney Bear will be so much fun for your child. Not only can you stack the elements any way but the larger of the stacking elements also rattles. Barney Bear will top any stacking tower. From 6 months.

Baby Toys

2099 LEGO PRIMO Fun Sorter. A real challenge for little brains. With your help your child can stack things high to knock them down again as well as learn how to fit the different shapes into the different holes. The set also includes a baseplate. An ideal toy which encourages the use of lots of basic skills. From 8 months.

2095 LEGO PRIMO Peep-Po Ball. Children love to roll things and with our new Peep-Po ball it never goes too far out of reach. New peeping heads, which give that element of surprise, pop up from the holes in the ball every time it is turned. As the Peep-Po ball does not roll very far it can be used to encourage your child to crawl. A Polar Bear accompanies the ball for extra play value and can be placed on any of the peeping heads. It also rattles. From 3 months.

NEW FOR
MARCH

2021 LEGO PRIMO Clarence Caterpillar and Friends Gift Set. A superb collection of toys designed to stimulate baby during those early stages. Clarence Caterpillar can be wheeled, shaken and when pressure applied Clarence will bounce up and down, Desmond Duck and the various PRIMO elements will rattle, one element has a mirror and Sammy Starfish is ideal for those teething problems. From 3 months.

NEW FOR
MARCH

2000 LEGO PRIMO Sally Starfish. A brightly coloured teether ideal for chewing but also great to hold. Sally is red and yellow which are very visible primary colours for your baby to see and learn to recognise. From 3 months.

2098 LEGO PRIMO Tub Boat Tommy for playing in water and on land. When the boat is submerged into the water it will whistle through its chimney. On land the chimney can be used as a small shower for Tommy. Ideal toy for bath time play. From 6 months.

2001 LEGO PRIMO Three-In-One. Three colourful toys to stimulate touch, sight and sound. Walter Walrus rattles, Sammy teether is great to chew on and the pliable tree is great fun in your baby's hands. Stacking can also take place as with all PRIMO products the three-in-one elements can be fitted together. From 3 months.

NEW FOR
MARCH

2093 LEGO PRIMO Lucy Ladybird. A brightly coloured first toy for encouraging eye movement and for recognising different surfaces. The handle is made from chewable material and the black spots on the ladybird are raised so little fingers can search them out. From birth.

2097 LEGO PRIMO Clarence Caterpillar and Friends. Provides great entertainment as Clarence can be wheeled around or shaken to hear the rattle sound. If a little pressure is applied to Clarence he will bounce up and down for extra fun. A Bumble Bee and Ladybird give Clarence extra play value as they can be stacked onto his body. From 6 months.

2094 LEGO PRIMO Desmond Duck and House. The different sensations of the plastic and the fabric will encourage your child to develop its tactile sense. The door of the house is secured by Velcro tape so opening and closing the entrance can be practised. As your child develops, this small house can turn into a home for other PRIMO and DUPLO animals. Desmond also rattles which gives lots of fun for your child. From birth.

NEW FOR
MARCH

2007 LEGO PRIMO Musical Cuthbert and Friend. A musical camel that is activated by twisting the body. Cuthbert's friend is a great addition to learn simple stacking skills. At the end of the day or when baby wants to relax why not activate Cuthbert for some gentle sounds! From birth.

Stack 'n' Learn

NEW FOR
JANUARY

2011 LEGO PRIMO Molly's Stack 'n' Learn Set. Molly can fit inside the house or why not turn the house into a make believe camera, or it can be a mobile home when placed on the waggon. Using their imagination your baby will have a brilliant time with this set. From 6 months.

2089 LEGO PRIMO Tommy and Friends Gift Set includes a polar bear and elephant, a palm tree, trolley and lots of PRIMO blocks. The set also includes a base plate for models to be constructed. From 6 months.

NEW FOR
JANUARY

2012 LEGO PRIMO Leonard Ladybird. A great set which includes PRIMO blocks and a ladybird that rattles. All stored in a fun Ladybird container. From 6 months.

2018 LEGO PRIMO Timmy's Stack 'n' Learn Set includes a variety of PRIMO building blocks, a waggon and Timmy in miniature! A great toy for learning to stack PRIMO building blocks and for knocking them down again! Big Timmy is also a fun container. From 6 months.

2081 LEGO PRIMO Ladybird Stacker. A great set for learning those basic skills of stacking blocks only to knock them down again. The ladybird also rattles. As with all PRIMO sets this set includes a connector brick which allows your child to fit these blocks with DUPLO building bricks. From 6 months.

NEW FOR
JANUARY

2013 LEGO PRIMO Fun Train. A great train which includes Timmy and friends and a number of brightly coloured PRIMO elements some of which rattle. All PRIMO elements can be stacked on board the fun train for added play value. From 6 months.

Large Toys

from
birth

2010 LEGO PRIMO Toddler Truck.

A brightly coloured walker truck which will help give your child confidence when taking those all important first steps. The stacking blocks broaden the appeal of the set and add to the play value. From 9 months.

NEW FOR
MARCH

2022 LEGO PRIMO Edward Elephant. Edward is a large elephant big enough to sit and rock on, or when the rollers are used your child can use their leg power to move Edward up and down. Not only that, Edward's nose can be used for building and lots of brightly coloured PRIMO blocks are included in this set and kept inside Edward. A first class toy for a first class child. From 9 months.

Toddler Building - Building for tiny hands.

In 1998 LEGO DUPLO has tubes! To add to our wonderful range of brightly coloured bricks, figures and animals we have introduced tubes to make toddler building even more fun! Building with LEGO DUPLO toys helps children learn about colours, counting and develops their language skills as they make up stories about the things they create. Your child will love our cute ghost figure which glows in the dark, too!

**NEW FOR
JANUARY**

2223 LEGO DUPLO Tubular Wheels!

A brilliant mixture of tubular elements that click together, push-along train, ghosts, lots of brightly coloured DUPLO bricks and some specially decorated elements. The ghost costumes can fit over the little DUPLO characters for a simple game of hide and seek that children love to play. The set is ideal for all kinds of play, experimental, creative and fantasy and with so much in the set there is enough to play with friends. From 2 years.

**NEW FOR
JANUARY**

2222 LEGO DUPLO Tubular Fun! Experience lots of fun by clicking the tubular elements together and then use these as a funnel to roll your ball. Brightly coloured DUPLO bricks, trike and rider add to the play value of this set. Tubes and bricks are great for your child to learn hand-to-eye co-ordination and develop the necessary concentration skills. From 2 years.

All Aboard!

Playing with toys that mirror the world around them, helps children make sense of things. The LEGO DUPLO Play Train range is ideal for children who are ready for mechanical toys.

The Electric Play Train Starter set can be controlled in three different ways: a start/stop button placed at the top of the train, a pole reverser which changes the train's direction and by means of a start/stop rail.

The LEGO DUPLO Train runs on 3 x 1.5 volt batteries. It has four different sounds which indicate the functions, start, stop, reverse and automatic power cut out. The cut out facility comes into effect when the train has not been activated for two minutes. So blow the whistle and off we go!

2736 LEGO DUPLO Points
(TWO). From 2 years.

2738 LEGO DUPLO

8233 Blue Thunder Versus The Stinger. Get a real slice of the action with Blue Thunder versus The Stinger. Once you have built the models you control Blue Thunder as it tries to destroy the target. Victory can be yours. You can even motorise Blue Thunder with set number 8735. From 8 years.

8245 The Pincer. This is where the real action is. Build the two opposing vehicles and then prepare to do battle. As you use your vehicle with the jaw tong arm to hit the opposing target, its head will jump back and new eyes appear. The rubber band will then be released causing the vehicle to move forward. If this vehicle runs into the front of its opponent its claws are activated to attack. It is your job once those eyes are revealed to neutralise your attacker! From 9 years.

A NEW DIMENSION

COMPETITION

NEW FOR JANUARY

8257 Jaw-Tong Slammers. This is where the real action is. Build the two opposing slammers and then prepare to compete. Each Jaw-Tong Slammer is controlled by shooting the arms forward to hit the opponent's target. Once you hit your target the opponent is dislodged from his seat and victory is yours! From 9 years.

LEGO Technic

WITH
MOTOR

8266 Blue Flash Versus The Arachnophob. This really brilliant set includes a motorised spider which jumps around to avoid Blue Flash hitting its target. You control Blue Flash by the use of its arms as you compete to get a real piece of the action. Once you've hit the target the spider's controller is dislodged from his seat, the motor stops and victory is yours! From 7 years.

FOR LEGO® TECHNIC

LEGO Technic STARTER

8244 LEGO TECHNIC Transformator Set. Instructions for 9 models built up from 3 basic modules which can be snapped together. The models include a helicopter, breakdown truck, a trike, sports car and snow scooter. The modules can be interchanged easily. From 8 years.

ADVANCED

WITH MOTOR AND FIBRE OPTICS

8480 LEGO TECHNIC Space Shuttle Colorado with Fibre Optics. This magnificent model has two motors. The LEGO TECHNIC motor controls four incredible functions:- 1) opens the hatches 2) lifts the Canadian Arm 3) turns the Canadian Arm and 4) operates the FOS Light. The micro motor unfolds the satellite's wings. If that is not enough you can build a gigantic submarine instead and use the motors for other incredible functions. From 11 years.

8459 LEGO TECHNIC Power Machine With Pneumatic Tank with new pneumatic airtank for storage of compressed air which can be used for loading and unloading. Can be motorised with set no. 8735. Also includes building instructions for pneumatic forest tractor. From 11 years.

8414 LEGO TECHNIC Sierra Nevada IV with great suspension, V2 motor and hefty all terrain tyres on the front and continuous track at the rear. Also builds a robot which can be motorised with set number 8735. From 10 years.

8735 LEGO TECHNIC Advanced Power Pack. This motor is compatible with 8414, 8459, 8479 and 8437 and all new 1998 Starter and Advanced sets. The set includes a motor, battery box, cable and elements from which you can build an experimental vehicle, helicopter or a crane. From 7 years.

8443 LEGO TECHNIC

Pneumatic Logger You operate the crane and grab by means of pneumatics, and you steer the 6 wheels by the flashing light on the roof. Can be motorised with set no. 8720. From 10 years.

8417 Super Bike. A great new super bike with alloy wheels, flex cables and corrugated tubing. The bike can be motorised using set number 8735. There are also instructions for an alternative bike which also has a kickstand to keep the bike upright. From 9 years.

**NEW FOR
AUGUST**

8428 Red Hot Machine with CD ROM. A superb red hot machine sporting the new alloy wheels. The V6 engine moves during the driving of the car and the seats are adjustable. By pressing the spoiler down at the back of the car it can be transformed into a more sporty vehicle. There are instructions for an alternative buggy complete with moving V6 engine which can be motorised with set number 8735. Enclosed in the 8428 is a FREE CD ROM which will give the user opportunities to build their models using the CD ROM, see the 98 TECHNIC range, and lots more opportunities. From 10 years.

**NEW FOR
AUGUST**

8408 LEGO TECHNIC V2 Sport Star

with differential gear, air filled tyres, V2 engine and front wheel steering. Also builds a hefty roadster, which can be motorised with set no. 8720. From 9 years.

8437 LEGO TECHNIC Sahara Blaster

with rear suspension, 4 cylinder V engine and hefty all terrain tyres. The V engine can be removed and replaced with the 8735 motor. Also builds a radar vehicle. From 10 years.

**NEW FOR
AUGUST**

8462 Recovery Truck. This incredible new truck with alloy wheels has front wheel steering controlled from the roof of the cab. Once you have pumped the air into the pneumatic system, you can control the tow bar and the arm of the tow bar by the levers on the left side of the truck. On the right side of the truck there is a lever which operates the crane arm once you have pumped the air into the pneumatics. There are also instructions for a car and trailer which can be motorised with set number 8735. From 11 years.

8479 LEGO TECHNIC Barcode Truck.

This monster of a truck includes a new powerful LEGO TECHNIC electric motor and a barcode reader which allows functions to be read and programmed into the vehicle. Realistic sounds can be heard which are generated by the barcode reader. The 8479 will build 3 other alternative models. There is the 6 wheeled truck with radar, a buggy designed for rough terrain and a robot. From 11 years.
