Stimulate Curiosity! from birth to 2 years

For your baby, life is about exploring and developing. Stimulating curiosity is a vital step in your child's development. LEGO® PRIMO Toys enrich the first stages of a baby's life by giving strong tactile experiences, bright and cheerful colours, simple but engaging designs to catch your baby's attention and provide hours of fun.

LEGO PRIMO Toys are unique because as your child grows and develops new skills, LEGO PRIMO toys can be combined with LEGO DUPLO elements. This provides a whole new set of fun learning experiences for your child.

The LEGO PRIMO range can be found on pages three to eight.

Stimulate Creativity! from 2 to 5 years

LEGO® DUPLO Toys will fuel your child's imagination to take an active part in role play. Copying the world around them and creating stories is very important for a toddler, helping them to learn about their environment, and understand how they fit in!

LEGO DUPLO themes such as farm, Little Forest Friends and Winnie the Pooh give the inspiration for stimulating your child to imagine....

The LEGO DUPLO range can be found on pages nine to eighteen.

2046 Let's Go Fishing.
Going fishing while having a bath or when your baby is involved with water activity can help develop their co-ordination skills as well as it being lots of fun. From 6 months

2098 LEGO PRIMO Tub Boat Tommy for playing in water and on land. When the boat is submerged into the water it will whistle through its chimney. On land the chimney can be used as a small shower for Tommy. Ideal toy for bath time play. From 6 months.

2048 My Little Lily Pond. To stimulate those eyes, ears and little hands, this superb set includes a variety of toys including Toby Turtle that moves forward when water is poured over it, a lily that can float or when turned upside down, can be used as a 'dress' for the little characters. It also has a 'spyhole' element that can be used for a game of hide and seek, Freddie that blinks and squirts water when pressure is applied and the large shaped pond can float and hold those PRIMO elements. An ideal set for developing those essential senses as well as a great aid for story telling while baby is being bathed. From 6 months.

NEW
FOR
JANUARY

2030 Freddie Frog. A great little introduction to our new Water Toys theme, which can be used at bath time or during any water play activity. The friendly looking frog is fun to look at and great for those little hands to investigate. When you press the top of Freddie's head he will wink and squirt water at you. From 6 months.

2039 Peter's Paddle Boat. For really curious little hands Peter's Paddle Boat can be used to spin the wheel and discover what happens to it in the water. Children also like to take things out and put things back again, which they can do with Peter. From 6 months.

NEW
FOR

2007 LEGO PRIMO Musical Cuthbert and Friend. A musical camel that is activated by twisting the body. Cuthbert's friend is a great addition to learn simple stacking skills. At the end of the day or when baby wants to relax why not activate Cuthbert for some gentle sounds! From birth.

2097 LEGO PRIMO Clarence Caterpillar and Friends. Provides great entertainment as Clarence can be wheeled around or shaken to hear the rattle sound. If a little pressure is applied to Clarence he will bounce up and down for extra fun. A Bumble Bee and Ladybird give Clarence extra play value as they can be stacked onto his body. From 6 months.

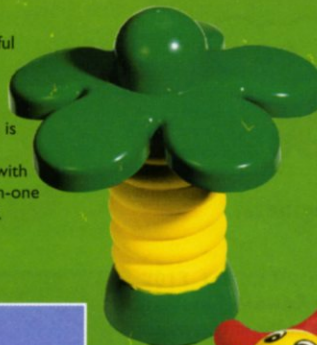

2021 LEGO PRIMO Clarence Caterpillar and Friends Gift Set. A superb collection of toys designed to stimulate baby during those early stages. Clarence Caterpillar can be wheeled, shaken and when pressure applied Clarence will bounce up and down, Desmond Duck and the various PRIMO elements will rattle, one element has a mirror and Sammy Starfish is ideal for those teething problems. From 3 months.

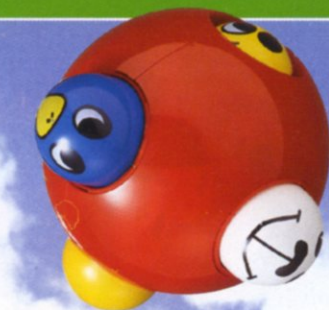

High play!

2001 LEGO PRIMO Three-In-One. Three colourful toys to stimulate touch, sight and sound. Walter Walrus rattles, Sammy teether is great to chew on and the pliable tree is great fun in your baby's hands. Stacking can also take place as with all PRIMO products the three-in-one elements can be fitted together. From 3 months.

2000 LEGO PRIMO Sally Starfish. A brightly coloured teether ideal for chewing but also great to hold. Sally is red and yellow which are very visible primary colours for your baby to see and learn to recognise. From 3 months.

2095 LEGO PRIMO Peep-Po Ball. Children love to roll things and with our new Peep-Po ball it never goes too far out of reach. New peeping heads, which give that element of surprise, pop up from the holes in the ball every time it is turned. As the Peep-Po ball does not roll very far it can be used to encourage your child to crawl. A Polar Bear accompanies the ball for extra play value and can be placed on any of the peeping heads. It also rattles. From 3 months.

2099 LEGO PRIMO Fun Sorter. A real challenge for little brains. With your help your child can stack things high to knock them down again as well as learn how to fit the different shapes into the different holes. The set also includes a baseplate. An ideal toy which encourages the use of lots of basic skills. From 8 months.

what's

Edward is a large elephant big enough to sit and rock on, or when the rollers are used your child can use their leg power to move Edward up and down. Not only that, Edward's nose can be used for building and lots of brightly coloured PRIMO blocks are included in this set and kept inside Edward. A first class toy for a first class child. From 9 months.

A brightly coloured walker truck which will help give your child confidence when taking those all important first steps. The stacking blocks broaden the appeal of the set and add to the play value.

From 9 months.

2018 LEGO PRIMO Timmy's Stack 'n' Learn Set includes a variety of PRIMO building blocks, a wagon and Timmy in miniature! A great toy for learning to stack PRIMO building blocks and for knocking them down again! Big Timmy is also a fun container. From 6 months.

"This is
the

One day, the river running through the Hundred Acre Wood over flowed its banks and caused a great flood. Winnie the Pooh and Eeyore were standing on the bridge over the river when, suddenly, they heard a cry.

"Help, help!" Oh no, it was poor piglet, trapped inside a tree surrounded by water! What to do? "I know", said Winnie the Pooh to the frightened Piglet.

"I'll sail over to you in a barrel, and you can jump into my arms.

Get ready!" And so he did. When Winnie the Pooh reached the tree, Piglet jumped into the barrel. Once again, Winnie the Pooh had saved the day.

What other adventures are in store for Winnie the Pooh and his friends? With LEGO DUPLO, children can enjoy hours of fun creating their own Winnie the Pooh stories, over and over again.

a story about how Winnie the Pooh rescued Piglet."

2982 Pooh's Birthday Winnie the Pooh has made a delicious cake for his birthday party. Eeyore is the first guest to arrive. Your child is invited, too and can help build the best birthday party ever for Winnie the Pooh and his friends! From 2 years.

2983 Pooh and Tiger play Hide and Seek. Winnie the Pooh, where are you? Your child can help Winnie the Pooh hide from Tiger by building lots of different hiding places for a fun game of hide-n-seek. From 2 years.

2985 A Playful Day with Pooh and Tigger Tigger just wants to play, all day long. Winnie the Pooh agrees, but ONLY if Tigger promises to build something with him. It can be anything! Let your child join in the fun too! From 2 years.

2981 Pooh and his honeypot. From 2 years.

2984 Pooh and Piglet go Honey-Hunting Winnie the Pooh needs help getting some honey, without the bees noticing. Piglet can distract the bees with his balloon, or perhaps your child can help Winnie the Pooh make a bee trap? From 2 years.

2987 Welcome to the Hundred Acre Wood - home of Winnie the Pooh, Piglet, Eeyore and Tigger. See where they live, play, hunt for honey, throw birthday parties and have all kinds of adventures. Let your child join in the fun too! From 2 years.
