

Ages 3-12

This is your LEGO® Idea Book.

It has been especially designed for use with LEGO® Brand Universal Building Sets and Accessories, for children 3 to 12 years old. Inside you'll find lots of colorful pictures and drawings that will show you how to build a wonderful world of fun. The building instructions are in easy-to-follow pictures, not words. That's so children from America, Japan, France, Brazil, Australia, and many other countries all over the world can all have the same fun building with LEGO Sets.

Your book starts off with simple, fun-to-build models to help you develop your building skills. As you go through the book and become a more experienced builder, the models get more challenging and exciting. You'll find sections on all kinds of cars, trucks, air-

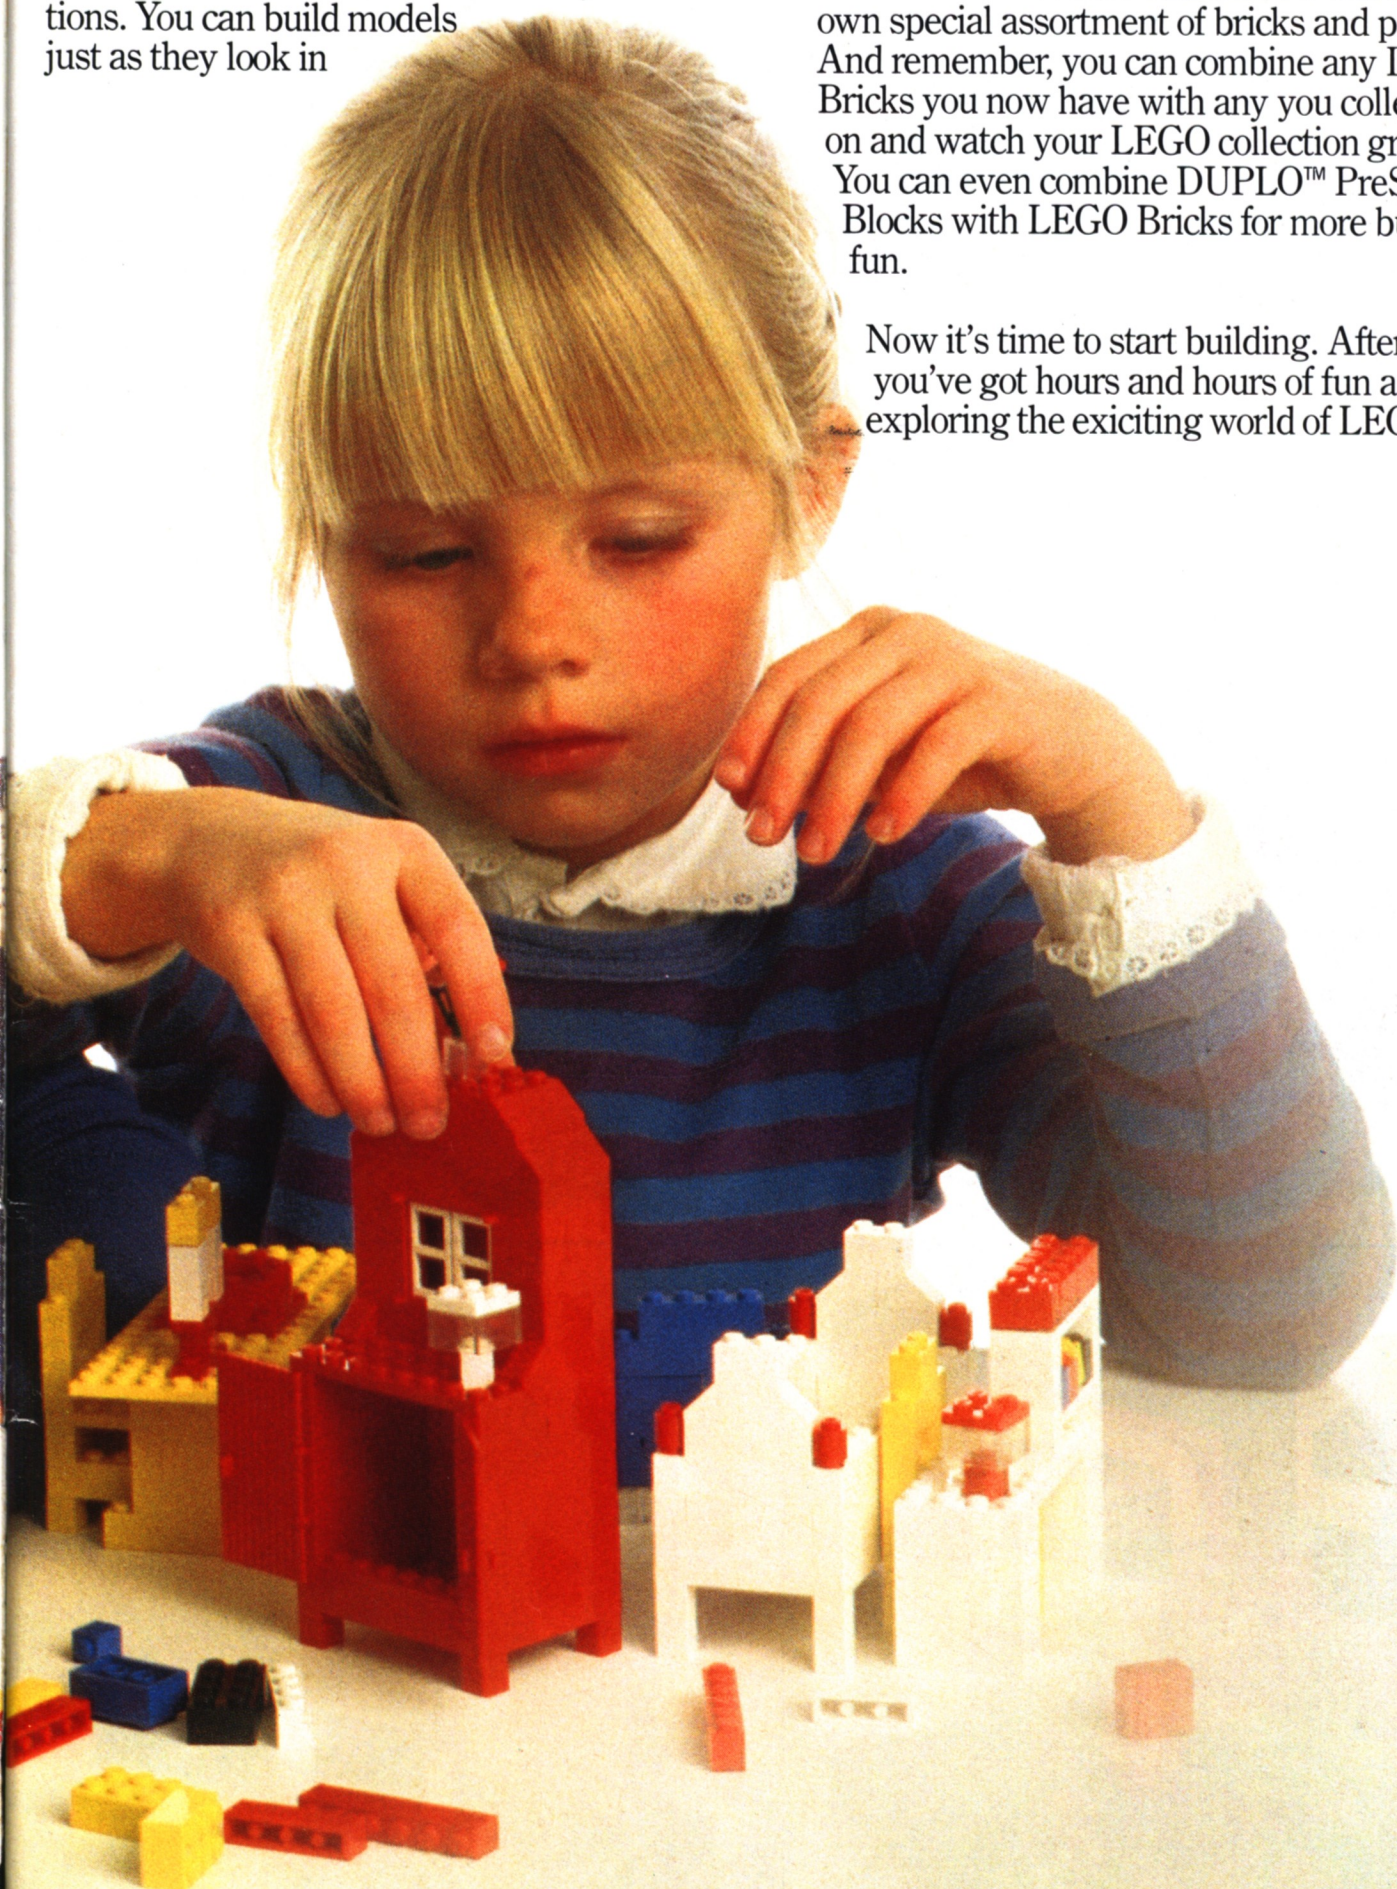

planes, animals, houses, and much, much more. You can build an airport, a circus or a house full of rooms. You can even build yourself a piggy bank! There are even pictures that show you how to use LEGO Motors with your creations. You can build models just as they look in

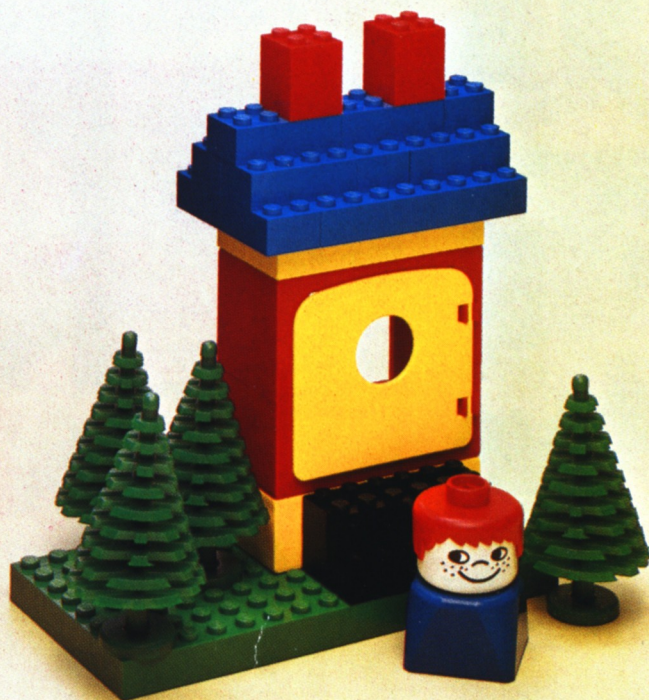

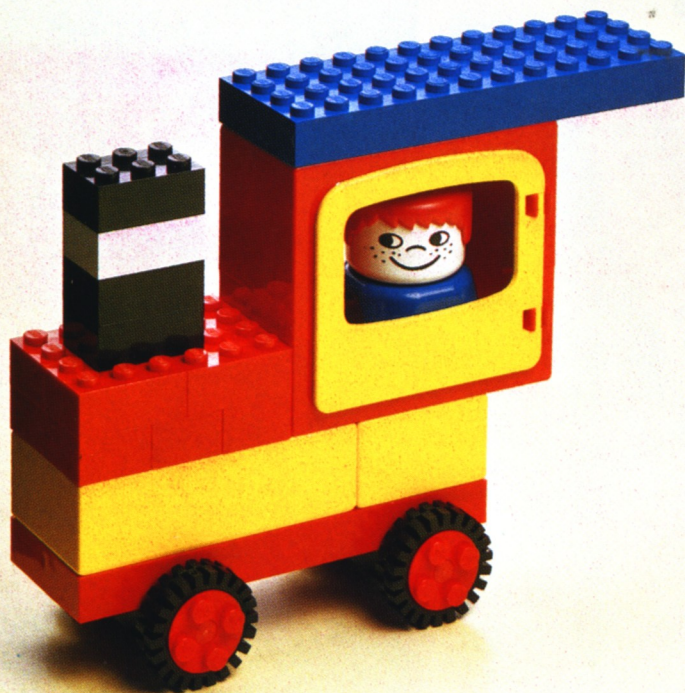

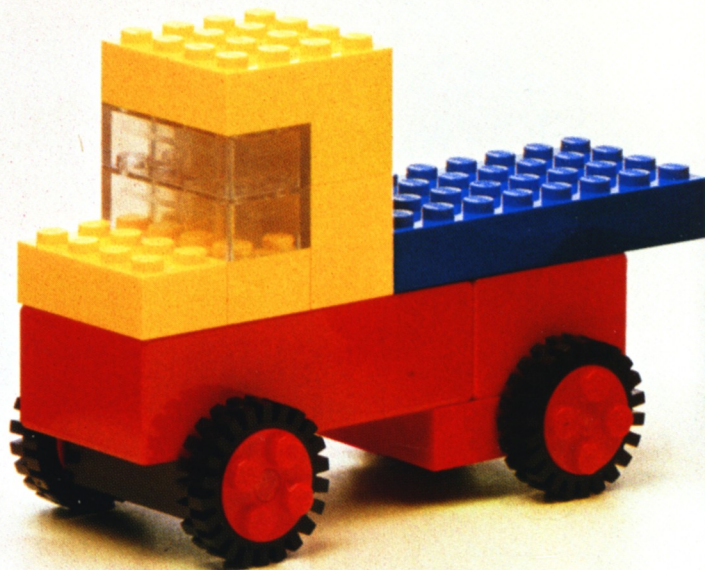

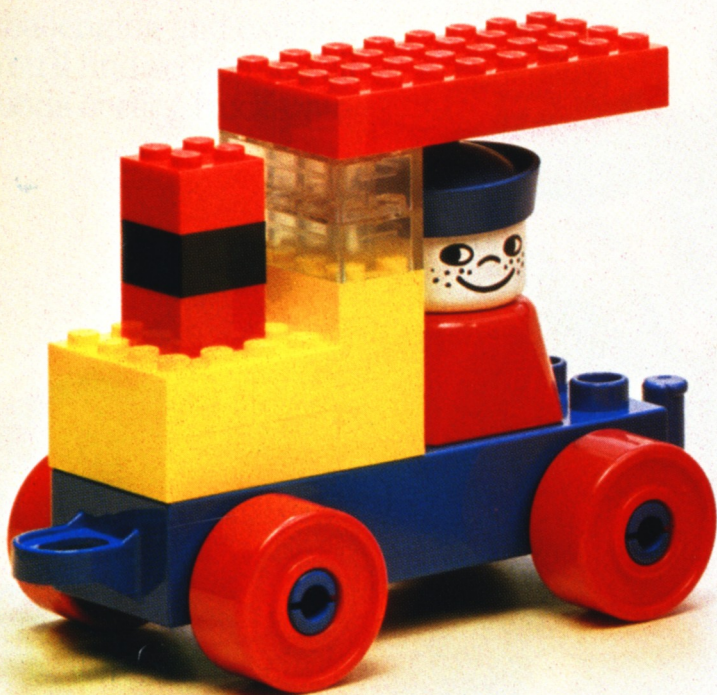

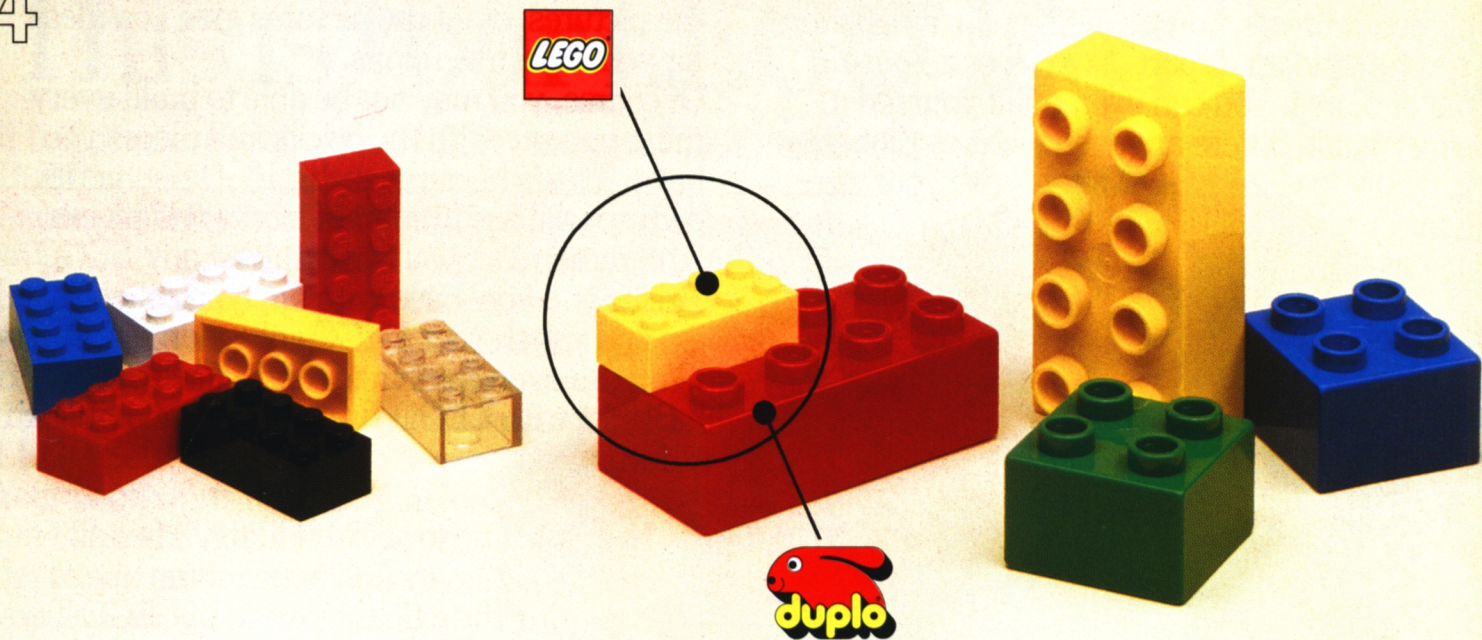

the pictures, or let the pictures give you ideas for your own inventions.

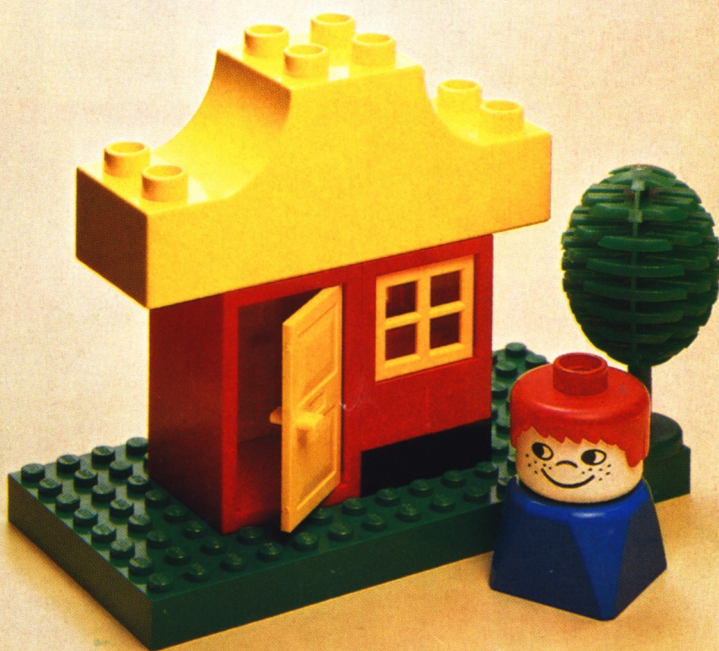

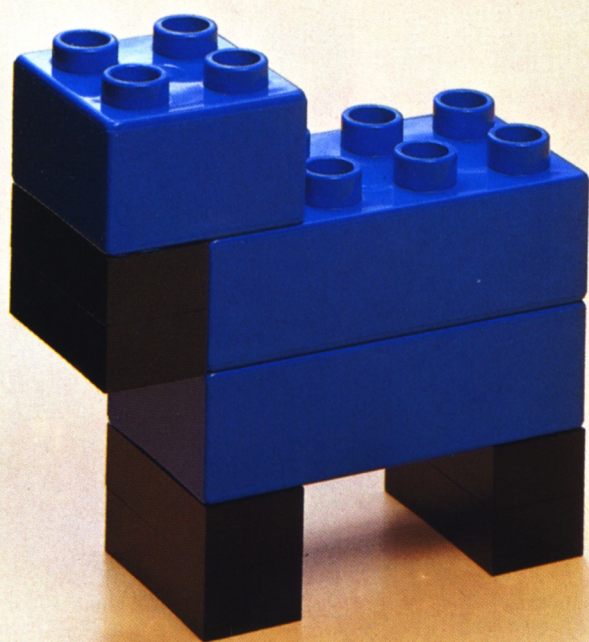

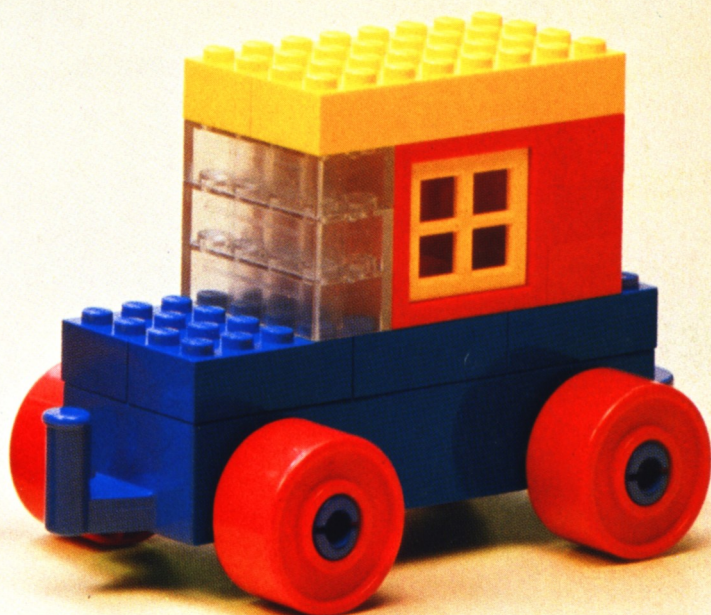

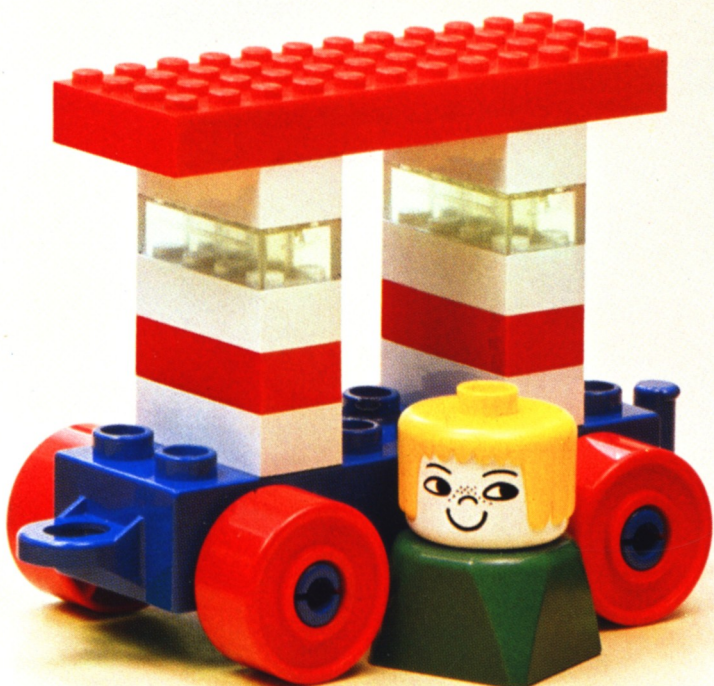

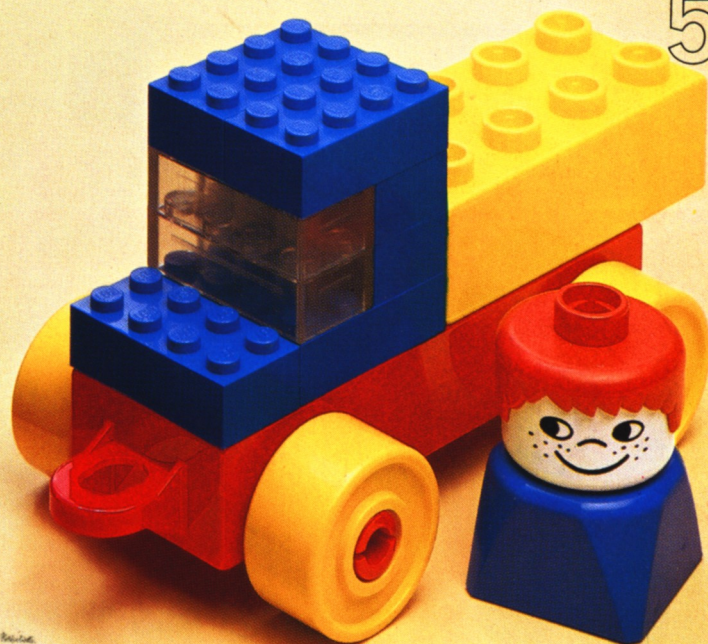

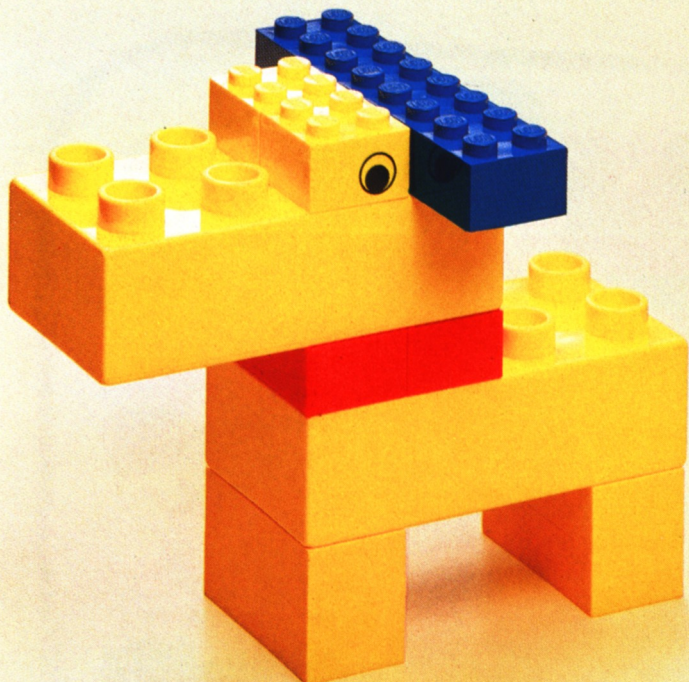

Of course, you may not be able to build everything you see with the bricks and pieces you have. That's because each LEGO Set has its own special assortment of bricks and pieces. And remember, you can combine any LEGO Bricks you now have with any you collect later on and watch your LEGO collection grow!

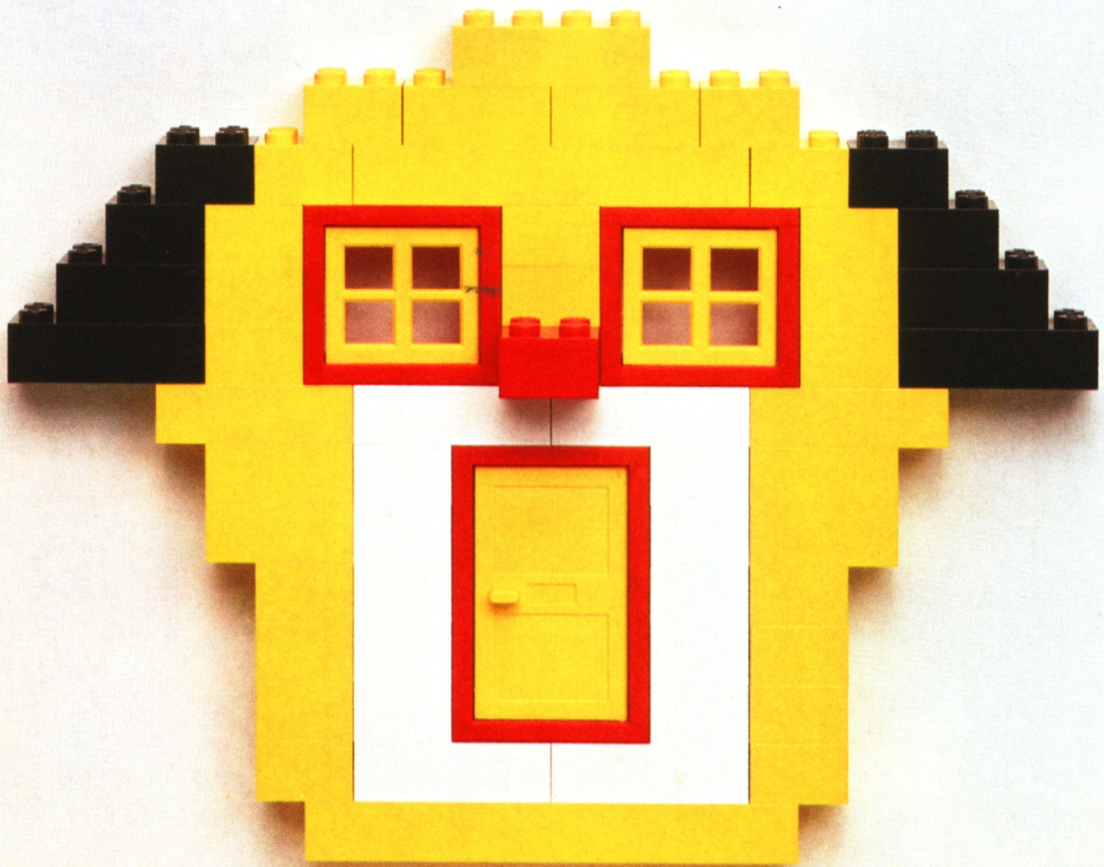

You can even combine DUPLO™ PreSchool Blocks with LEGO Bricks for more building fun.

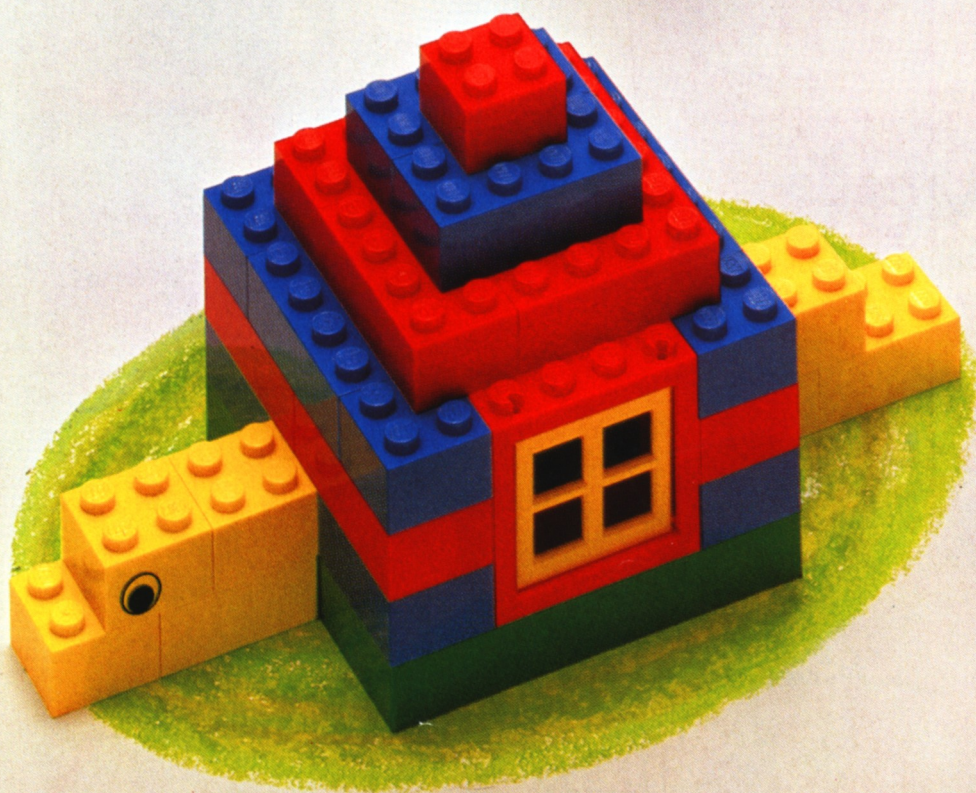

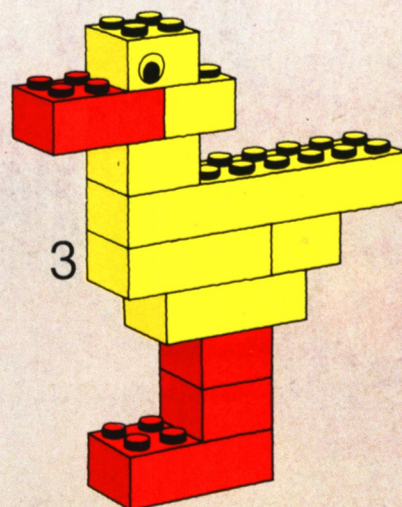

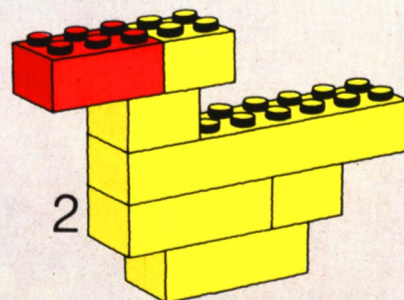

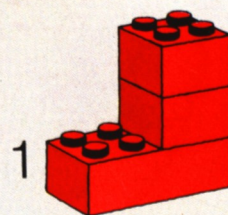

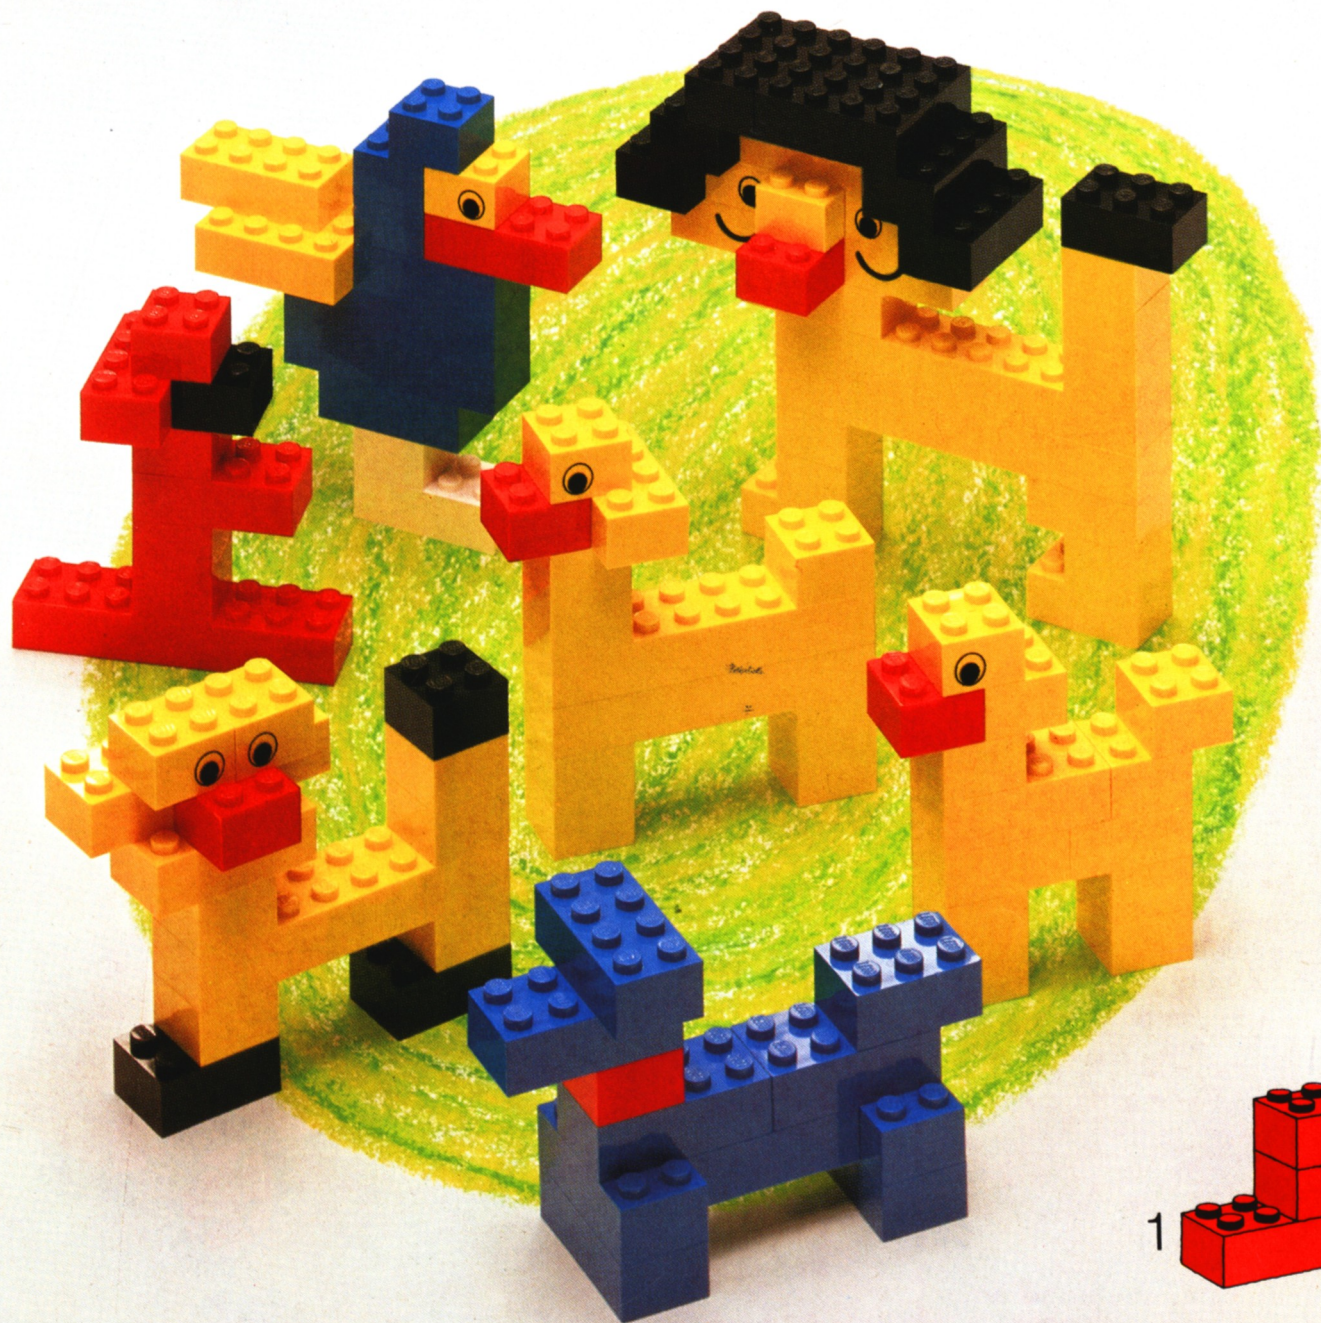

Now it's time to start building. After all, you've got hours and hours of fun ahead exploring the exciting world of LEGO Toys.
